Subject: Information request

Dear Tiffany:

Per our conversation last week, I understand the DOE will receive preliminary applications for renewable energy tax credits on Sept. 16.
The Associated Press is requesting copies of those applications as soon as possible, according to all applicable freedom-of-information laws.

Please contact me this week via email or phone to discuss when those copies would be first available. Please let me know if you can send them via email, or if you need to send paper copies through the postal service. Also, please let me know if there are any fees (for copies,
etc.) that would be charged to the AP.

Thanks in advance,
Chris Kahn
