Freedom of Information Act Request
Shane Kosinski
Acting Deputy Director
Advanced Research Projects Agency - Energy Department of Energy Washington, DC 20585

Dear Director Kosinski:

Under the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting access to the Concept Papers that were encouraged to submit full applications in response to the first Advanced Research Projects Agency-Energy (ARPA-E) Funding Opportunity Announcement (FOA) DE-FOA-0000065. Additionally, I am also requesting the review comments for those encouraged Concept Papers that indicate why they were selected.

If there are any fees for searching or copying these records, I agree to pay those fees. In case you need payment upfront, please let me know.

As a great number of Concept Papers were discouraged from submitting full applications, I believe it is in the public interest to know exactly which Concept Papers our government encouraged and why; and to know this information with sufficient time remaining before the deadline for the full applications.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of appeal procedures available to me under the law.

If you have any questions about this request, you may contact me by email.

Preferred Form or Format: electronic

Type of Requester (if provided):

Affiliated with a private corporation and seeking information for the use in the company's business.

Fees and Fee Waivers:

I agree to pay all applicable fees.

Jon
