United States Government **Department of Energy**

memorandum

DATE: July 31, 2012

REPLY TO ATTN OF: Office of NEPA Policy and Compliance

SUBJECT: *Directory of Potential Stakeholders for DOE Actions under NEPA:* 29th Edition

TO: DOE NEPA Community

I am pleased to announce the issuance of the 29th edition of the *Directory of Potential Stakeholders for DOE Actions under NEPA*, which is posted on the DOE NEPA Website at http://energy.gov/nepa/public-participation.

The *Directory* identifies contacts in federal agencies; states, territories, and state government associations; and nongovernmental organizations for reviewing environmental impact statements and for other NEPA public involvement and consultation activities. The appendices provide a link to a list of DOE NEPA Compliance Officers and identify DOE contacts for American Indian tribal issues, and public reading rooms and libraries usually used for DOE NEPA documents. The *Directory* is primarily intended to supplement lists that Departmental Offices compile for individual projects or facilities. DOE Offices are encouraged to be inclusive in providing potentially interested parties with opportunities to review NEPA documents.

The *Directory* no longer indicates stakeholder format preferences (e.g., printed, compact disk) because they may depend on the circumstances of individual NEPA reviews. NEPA Document Managers are encouraged to determine stakeholder preferences as part of planning for NEPA document distribution.

For efficiency, the *Directory* now provides links to detailed information provided online (e.g., Department of the Interior NEPA document review requirements) and omits information that is rarely used (e.g., fax numbers).

Please direct questions and suggestions for further improvements to askNEPA@hq.doe.gov.

PREFACE

This *Directory of Potential Stakeholders for DOE Actions under NEPA* is prepared by the Office of NEPA Policy and Compliance. The *Directory* is available on the DOE NEPA Website at http://energy.gov/nepa/downloads/directory-potential-stakeholders-doe-actions-under-nepa, from which selected contact information can be copied into other applications to produce mailing lists, letters, or labels. The *Directory* complements DOE's *EIS Distribution Guidance* (http://energy.gov/nepa/downloads/eis-distribution).

The Council on Environmental Quality regulations implementing NEPA (40 CFR Parts 1500-1508) include provisions for public involvement:

- Agencies must ensure that environmental information is available to public officials and citizens before decisions are made and before actions are taken [40 CFR 1500.1(b)].

- Agencies must involve environmental agencies, applicants, and the public, to the extent practicable, in preparing environmental assessments and must affirmatively solicit comments on draft environmental impact statements from those persons or organizations who may be interested or affected [40 CFR 1501.4(b) and 1503.1(a)(4)].

- Agencies must also provide public notice of NEPA-related hearings, public meetings, and the availability of environmental documents so as to inform those persons and agencies who may be interested or affected and must solicit appropriate information from the public [40 CFR 1506.6(b) and (d)].

To assist Departmental Program and Field Offices in complying with these requirements, and to supplement lists that Departmental Offices compile for individual projects or facilities, the *Directory* lists current contacts in federal agencies; states, territories, and state government associations; and nongovernmental organizations. In providing potentially interested parties with opportunities to review DOE NEPA documents, Offices are encouraged to be inclusive.

The NEPA Office updates this *Directory* annually in July and may issue revisions throughout the year as new information becomes available. Please direct questions to askNEPA@hq.doe.gov.
