SUBPOENA FOR INFORMATION
AND PRODUCTION OF DOCUMENTS

Issued: January 25, 2011

The U.S. Department of Energy (DOE) issues this Subpoena for Information and Production of Documents to Kenneth Grill pursuant to 42 U.S.C. § 6299 and 10 C.F.R. § 430.72.

Pursuant to 42 U.S.C. § 6295(j), DOE has established water conservation standards applicable to showerheads. *See* 10 C.F.R. § 430.32(p). Manufacturers and private labelers are prohibited from distributing in commerce any product that fails to comply with these standards. 42 U.S.C. § 6302(a)(5); 10 C.F.R. § 430.61(4).

The conservation standard for showerheads requires that the maximum water use allowed for any showerhead is 2.5 gallons per minute measured at a flowing water pressure of 80 pounds per square inch. DOE has information suggesting that Mr. Grill's "ShowerHeadPower," marketed under the name of "Kenny G.," does not comply with the conservation standards for showerheads set forth in 42 U.S.C. § 6295(j) and 10 C.F.R. § 430.32(p). DOE has initiated an inquiry into the compliance of this product and requires certain information and documents to continue its examination. To this end, and in accordance with its authority under 42 U.S.C. § 6299, DOE is issuing this subpoena to Kenneth Grill.

In addition to the information and documents requested below, DOE directs Mr. Grill to preserve and to retain possession of any documents, communications, electronic data, or information of any kind relating to the sale of showerheads by Mr. Grill or any entity identified in response to the Request for Information below.

Failure to provide information or otherwise comply with this subpoena violates 42 U.S.C. § 6302 and DOE's accompanying regulations (10 C.F.R. § 430.61) and may result in civil penalties.

Mr. Grill's responses to the following Request for Information and Production of Documents must be received by DOE no later than 30 days after the date of this subpoena. Mr. Grill's responses to this subpoena must be made in accordance with the accompanying Definitions (Attachment A) and Instructions for Responding to this Subpoena (Attachment B), which are incorporated herein by reference.
