Office of Nuclear Energy (NE)

Strategic Goals

- Extend the lifetime and improve performance of the current fleet of nuclear power plants
- Enable new nuclear plant construction by improving economics
- Reduce carbon footprint in transportation and industrial sectors using nuclear energy
- Develop a sustainable nuclear fuel cycle
- Understand and avoid the risks of nuclear weapons proliferation

NE Recent Achievements

FY 2009

- In 2009, NE nominated the winning recipient of the Department of Energy's Small Business Awards to the Outstanding Women-Owned Business of the Year. NE continues to do business with all of the socio-economic categories of small business firms such as 8(a), other disadvantaged business, HUBZone, women-owned and service-disabled veteran.
- During FY 2009, NE's largest small business contract at Headquarters with Technology and Management Services converted to a large business. This conversion demonstrates NE's success in encouraging growth through implementation of the Small Business Program.
- NE has exceeded small business goals for FY 2003, FY 2004, FY 2005, FY 2006 and FY 2007.

Small Business Opportunities in FY 2010

- NE did not receive any ARRA Funding
 - Idaho National Laboratory (subcontracts awarded by Battelle Energy Alliance)
