Re: Ex Parte Communication

On Friday, February 13, 2015, AHRI staff met telephonically with the Department of Energy to discuss issues pertaining to the ongoing efficiency standards rulemaking for single package vertical air-conditioning and single package vertical heat pump (collectively, SPVU) equipment.

The purpose of the conversation was to discuss issues concerning the SPVU market and DOE's determination of the equipment constituting that market as it impacts the rule and DOE's supporting technical analysis.

The following individuals were present on the call:

Daniel Cohen, DOE

Johanna Hariharan, DOE

Eric Stas, DOE

Karim Amrane, AHRI

Caroline Davidson-Hood, AHRI

Amy Shepherd, AHRI

Respectfully submitted,
