

The seal of the United States Department of Energy is a circular emblem. It features a blue outer ring with the words "DEPARTMENT OF ENERGY" at the top and "UNITED STATES OF AMERICA" at the bottom in gold lettering. The center of the seal is a shield with a blue background. On the shield, there is a white eagle with its wings spread, perched on a shield. Below the eagle, there are three symbols: a sun, an atom, and a lightning bolt. The text "Every year, Americans use more than 90 million tons of paper and paperboard. **That's over 500 pounds of paper products per person each year.**" is overlaid on the seal.

Every year, Americans use more than 90 million tons of paper and paperboard. **That's over 500 pounds of paper products per person each year.**
