

## U.S. Department of Energy Categorical Exclusion Determination Form

Program of Field Office: Sandia Site Office	
Project Title: Neutron Scatter Camera Measurements	
Location: Sandia National Laboratories - California	
Sandia National Laboratories - Camornia	
Proposed Action or Project Description:	American Recovery and Reinvestment Act:
Sandia National Laboratories/California proposes to continue development and testing of	a neutron scatter camera to detect special nuclear materials
Sandia Panolai Laboratories, Camornia proposes to continue development and testing of	a head of scatter carriera to detect special national materials.
Facility Operations	Site Characterization, Monitoring and General Research
B1.1 - Rate increases < inflation (not power marketing)	
B1.2 - Training exercises and simulation	☐ B3.1 - Site characterization/environmental monitoring ☐ B3.2 - Aviation activities for survey/monitoring/security
B1.3 - Routine maintenance and custodial services	B3.3 - Research related to conservation of fish and wildlife
B1.4 - Air conditioning installation for existing equipment	B3.4 - Transport packaging tests for radioactive/hazardous material
B1.5 - Cooling water system improvements in existing structures	B3.5 - Tank car tests
B1.6 - Installation of runoff/spill control retention tanks and basins	■ B3.5 - Tank car tests  ■ B3.6 - Siting/construction/operation/decomm of facilities for R&D,
☐ B1.7 - Communication system and data processing equipment acquisition,	conventional laboratory operations and pilot projects
installation, operation, removal	B3.7 - New infill exploratory, experimental oil/gas/geothermal
B1.8 - Screened water intake/outflow structure mods, within permits	construction/operation
☐ B1.9 - Placing airway safety markings and painting on existing power	B3.8 - Outdoor ecological/environmental research in small area
lines and antennas  B1.10 - Routine onsite storage of activated material at existing facility	B3.9 - Certain CCT demonstration activities, emissions unchanged
☐ B1.11 - Fence installation, no adverse effect on wildlife or water flow	B3.10 - Siting/construction/operation/decommissioning of particle accelerators
B1.12 - Detonation/burning of failed/damaged high explosives or propellants	■ B3.11 - Outdoor tests, experiments on materials and equipment components,
in designated areas, within permits	no source, special nuclear, or by-product materials
☐ B1.13 - On-site pathway or short access road construction/acquisition	B3.12 - Siting/construction/operation/decommission of microbiological or
☐ B1.14 - Refueling of a nuclear reactor	biomedical facilities
B1.15 - Support building or structure, non-waste storage, const/oper	☐ B3.13 - Magnetic fusion experiments, no tritium fuel use
B1.16 - Removal of asbestos in accordance with regulations	Conservation, Fossil, and Renewable Energy Activities
B1.17 - Removal of PCB items from aboveground structures	B5.1 - Actions to conserve energy, no indoor air quality degradation
☐ B1.18 - Water supply well const/oper, from existing field, no degradation ☐ B1.19 - Siting/construction/operation of microwave/radio communication towers	=
☐ B1.20 - Protect/restore/improve fish and wildlife habitat	changes, or air emission effects
B1.21 - Noise abatement	☐ B5.3 - Modification (not expansion)/abandonment of oil storage
B1.22 - Building relocation to developed area/demolition/disposal	access/ brine injection/gas/geothermal wells; no site closure
B1.23 - Demolition/disposal of buildings, equipment, and structures	☐ B5.4 - Repair/replacement of pipeline sections within maintenance
☐ B1.24 - Transfer, disposition, or acquisition of uncontaminated structures	provisions of a Section 404 permit
or equipment, environmental quality maintained	B5.5 - Short crude oil/gas/steam/geothermal pipeline const/oper
B1.25 - Transfer, disposition, or acquisition of uncontaminated land for	within a single industrial complex/existing right-of-way  B5.6 - Oil spill cleanup operations
habitat preservation/wildlife management  B1.26 - Siting/construction/operation/decommissioning of small water	
treatment facilities	Environmental Restoration/Waste Management Activities
☐ B1.27 - Disconnection of utilities	B6.1 - Cleanup actions: small-scale, short-term
B1.28 - Placement of unused facilities in environmentally safe condition	☐ B6.2 - Siting/construction/operation of temporary pilot-scale waste
☐ B1.29 - Small on-site const/demolition waste disposal facility const/oper/decom	collection/treatment/stabilization/containment facilities
☐ B1.30 - Transfer/transportation actions, quantities incidental to amounts	☐ B6.3 - Environmental control system improvements in existing structures, recycle/release/disposal within permitted facility
at receiving site	B6.4 - Packaged hazardous waste storage facility const/oper/decom
B1.31 - Relocation/operation of machinery or equipment, similar use	B6.5 - Const/oper/decom of on-site facility for characterizing/sorting
☐ B1.32 - Traffic flow adjustments, existing roads.	or over packing previously packaged waste (not high-level or spent
Safaty and Haalth	nuclear fuel; no unpacking)
Safety and Health	☐ B6.6 - Modification of facility for storing, packaging, or repacking waste
B2.1 - Modifications to enhance workplace habitability	(not high-level or spent nuclear fuel)
B2.2 - Installation/improvement of building/equipment instrumentation	B6.7 - Granting/denying petitions for allocation of commercial disposal capacity
B2.3 - Installation of equipment for personnel safety and health	B6.8 - Minor operational changes to minimize waste or reuse materials
□ B2.4 - Equipment Qualifications Program	☐ B6.9 - Small-scale, temporary measures to reduce contaminated GW migration

from public domain upon request

☐ B2.6 - Packaging/transportation/storage of radioactive sources

or of facility components

This action would not (1) violate applicable ES&H requirements, (2) require siting of waste Treatment, Storage, Disposal or Recovery facilities, (3) disturb hazardous substances (excluding naturally occurring petroleum and natural gas), thus producing uncontrolled or unpermitted releases, and (4) adversely affect environmentally sensitive resources. Furthermore, this action (1) would not present any extraordinary circumstances such that the action might have a significant impact upon the human environment, (2) is not connected to other actions with potentially significant impacts, and (3) is not related to other actions with cumulatively significant impacts. Therefore, the proposed action may be categorically excluded from further review.

or replacement waste storage facilities

Date Determined: 06/14/2010

☐Specify category:

NEPA Compliance Officer or Program Officer: LACY, SUSAN DOYLENE
