

## U.S. Department of Energy Categorical Exclusion Determination Form

Program of Field Office: Sandia Site Office	
Project Title: U.S. Navy Security System Upgrades	
Location: U.S. Naval Submarine Bases	
Proposed Action or Project Description:	American Recovery and Reinvestment Act:
Sandia National Laboratories/New Mexico (SNL/NM) proposes to design, test, and instal	l security system upgrades, at the Kings Bay, Georgia, and Bangor, Washington, Naval
Submarine Bases.	
Facility Operations	Site Characterization, Monitoring and General Research
☐ B1.1 - Rate increases < inflation (not power marketing)	B3.1 - Site characterization/environmental monitoring
B1.2 - Training exercises and simulation	☐ B3.2 - Aviation activities for survey/monitoring/security
B1.3 - Routine maintenance and custodial services	B3.3 - Research related to conservation of fish and wildlife
☐ B1.4 - Air conditioning installation for existing equipment ☐ B1.5 - Cooling water system improvements in existing structures	B3.4 - Transport packaging tests for radioactive/hazardous material
B1.6 - Installation of runoff/spill control retention tanks and basins	B3.5 - Tank car tests
☐ B1.7 - Communication system and data processing equipment acquisition,	☐ B3.6 - Siting/construction/operation/decomm of facilities for R&D, conventional laboratory operations and pilot projects
installation, operation, removal	B3.7 - New infill exploratory, experimental oil/gas/geothermal
B1.8 - Screened water intake/outflow structure mods, within permits	construction/operation
☐ B1.9 - Placing airway safety markings and painting on existing power lines and antennas	B3.8 - Outdoor ecological/environmental research in small area
B1.10 - Routine onsite storage of activated material at existing facility	B3.9 - Certain CCT demonstration activities, emissions unchanged
B1.11 - Fence installation, no adverse effect on wildlife or water flow	B3.10 - Siting/construction/operation/decommissioning of particle accelerators
B1.12 - Detonation/burning of failed/damaged high explosives or propellants	☐ B3.11 - Outdoor tests, experiments on materials and equipment components, no source, special nuclear, or by-product materials
in designated areas, within permits  B1.13 - On-site pathway or short access road construction/acquisition	B3.12 - Siting/construction/operation/decommission of microbiological or
B1.14 - Refueling of a nuclear reactor	biomedical facilities
■ B1.15 - Support building or structure, non-waste storage, const/oper	☐ B3.13 - Magnetic fusion experiments, no tritium fuel use
B1.16 - Removal of asbestos in accordance with regulations	Conservation, Fossil, and Renewable Energy Activities
☐ B1.17 - Removal of PCB items from aboveground structures ☐ B1.18 - Water supply well const/oper, from existing field, no degradation	B5.1 - Actions to conserve energy, no indoor air quality degradation
B1.19 - Siting/construction/operation of microwave/radio communication towers	
B1.20 - Protect/restore/improve fish and wildlife habitat	changes, or air emission effects
☐ B1.21 - Noise abatement	B5.3 - Modification (not expansion)/abandonment of oil storage
B1.22 - Building relocation to developed area/demolition/disposal	access/ brine injection/gas/geothermal wells; no site closure  B5.4 - Repair/replacement of pipeline sections within maintenance
☐ B1.23 - Demolition/disposal of buildings, equipment, and structures ☐ B1.24 - Transfer, disposition, or acquisition of uncontaminated structures	provisions of a Section 404 permit
or equipment, environmental quality maintained	☐ B5.5 - Short crude oil/gas/steam/geothermal pipeline const/oper
☐ B1.25 - Transfer, disposition, or acquisition of uncontaminated land for	within a single industrial complex/existing right-of-way
habitat preservation/wildlife management  B1.26 - Siting/construction/operation/decommissioning of small water	☐ B5.6 - Oil spill cleanup operations
treatment facilities	Environmental Restoration/Waste Management Activities
☐ B1.27 - Disconnection of utilities	B6.1 - Cleanup actions: small-scale, short-term
☐ B1.28 - Placement of unused facilities in environmentally safe condition	☐ B6.2 - Siting/construction/operation of temporary pilot-scale waste collection/treatment/stabilization/containment facilities
B1.29 - Small on-site const/demolition waste disposal facility const/oper/decom	B6.3 - Environmental control system improvements in existing
☐ B1.30 - Transfer/transportation actions, quantities incidental to amounts at receiving site	structures, recycle/release/disposal within permitted facility
B1.31 - Relocation/operation of machinery or equipment, similar use	B6.4 - Packaged hazardous waste storage facility const/oper/decom
☐ B1.32 - Traffic flow adjustments, existing roads.	☐ B6.5 - Const/oper/decom of on-site facility for characterizing/sorting or over packing previously packaged waste (not high-level or spent
	nuclear fuel; no unpacking)
Safety and Health	☐ B6.6 - Modification of facility for storing, packaging, or repacking waste
B2.1 - Modifications to enhance workplace habitability	(not high-level or spent nuclear fuel)
■ B2.2 - Installation/improvement of building/equipment instrumentation	B6.7 - Granting/denying petitions for allocation of commercial disposal capacity
☐ B2.3 - Installation of equipment for personnel safety and health ☐ B2.4 - Equipment Qualifications Program	☐ B6.8 - Minor operational changes to minimize waste or reuse materials ☐ B6.9 - Small-scale, temporary measures to reduce contaminated GW migration
☐ B2.5 - Facility safety and environmental improvements, replacement	☐ B6.10 - Siting/construction/operation/decommissioning of small upgraded
or of facility components	or replacement waste storage facilities
B2.6 - Packaging/transportation/storage of radioactive sources	Other

from public domain upon request

This action would not (1) violate applicable ES&H requirements, (2) require siting of waste Treatment, Storage, Disposal or Recovery facilities, (3) disturb hazardous substances (excluding naturally occurring petroleum and natural gas), thus producing uncontrolled or unpermitted releases, and (4) adversely affect environmentally sensitive resources. Furthermore, this action (1) would not present any extraordinary circumstances such that the action might have a significant impact upon the human environment, (2) is not connected to other actions with potentially significant impacts, and (3) is not related to other actions with cumulatively significant impacts. Therefore, the proposed action may be categorically excluded from further review.

Specify category:

Date Determined: 05/24/2011

NEPA Compliance Officer or Program Officer: LACY, SUSAN DOYLENE
