RL-721 REV 4

NEPA REVIEW SCREENING FORM

Document ID Number:

DOE/CX-00094 Rev 0

I. Project Title:

Washington River Protection Solutions LLC - Proposed Actions For CY 2013 Scheduled To Take Place Under CX B6.4, "Facilities for Storing Packaged Hazardous Waste for 90 Days or Less"

II. Project Description and Location (including Time Period over which proposed action will occur and Project Dimensions - e.g., acres displaced/disturbed, excavation length/depth, area/location/number of buildings, etc.):

Washington River Protection Solutions LLC (WRPS) will site, construct, modify, expand, operate, and decommission onsite facilities that store packaged hazardous waste for 90 days or less, or for longer periods as provided in 40 CFR 262.34 during Calendar Year 2013. WRPS will perform all activities in accordance with the categorical exclusion (CX) limitations set forth in 10 CFR 1021, Appendices A & B to Subpart D, & CX B6.4. WRPS' facilities include all those identified in the Tank Operations Contract Sections J.13 and J.14. Activities would include, but are not limited to:

- \cdot Siting, construction, modification, expansion, operation, and decommissioning of an onsite facility for storing packaged hazardous waste (as designated in 40 CFR part 261) for 90 days or less or for longer periods as provided in 40 CFR 262.34(d), (e), or (f) (such as accumulation or satellite areas).
- · Routine operations and activities associated with the 616 Facility.
- Sorting and overpacking of waste as required to transport the waste to the storage facility, as required to safely and legally or contractually store the waste, and as required to transport the waste to a treatment, storage, or disposal (TSD) facility or location.
- · Modification (to utility &/or safety systems), operation, & deactivation of existing facilities integral to the performance of these activities.
- · Transportation/movement & staging of equipment & materials, including the establishment, operation, and removal or disposal of temporary structures, as necessary to modify, operate, &/or deactivate existing facilities, & to undertake the proposed actions & operations.
- All locations are currently disturbed, industrial zones which are culturally exempt (see PNL-7264 & Battelle 9405630) &/or covered under NHPA Section 106 review,
 HCRC# 2003-200-044. The majority of the WRPS facilities are classified as historical non-contributing/exempt properties under DOE/RL-97-56, Revision 1. To ensure there will be no ecological/biological or cultural impacts, prior to work initiation, 1) any non-exempt facilities or work will have the appropriate cultural reviews obtained as needed, 2) A cultural review will be obtained prior to any modifications or demolitions taking place at the 616 Facility which is historic eligible, 3) ecological reviews will be obtained if needed, 4) all work activities (including associated staging &/or laydown areas) will be performed within or contiguous to an already developed area (where active site utilities & roads are readily accessible & no habitat/vegetation will be disturbed), 5) all equipment and support structures will be walked down for wildlife/migratory birds prior to any relocation or move, & 6) if any cultural or ecological issues are identified, the identified issue(s) will be appropriately dealt with as required by relevant company or Hanford Site procedures & regulations.

NEPA REVIEW SCREENING FORM (continued) DOE/CX-0								
IV. Existing NEPA Documentation								
Is the proposed action evaluated in a previous EA, EIS, or under CERCLA?								
If "NO," proceed to Section V. If "YES," List EA, EIS, or CERCLA Document(s) Title and Number:								
								
And then complete Section VI. Provide electronic copy of Initiator/ECO signed NRSF to DOE NCO for information only. DOE NCO signature is not required.								
V. Categorical Exclusion								
Does the proposed action fall within a class of actions that is listed in Appendixes A or B to Subpart D of 10 CFR Part 1021?								
Are there extraordinary circumstances related to the proposal that may affect the significance of the environmental effects of the proposal?								
Is the proposal connected to other actions with potentially significant impacts or result in cumulatively significant impacts (not precluded by 40 CFR 1506.1 or 10 CFR 1021.211)?								
List CX to be applied and complete Categorical Exclusion Integral Elements (where an action might fit within multiple CXs, use the CX that best fits the proposed action):								
B6.4, "Facilities for Storing Packaged Hazardous Waste for 90 Days or Less"								
Categorical Exclusion Integral Elements								
Does the proposed action threaten a violation of applicable statutory, regulatory, or permit requirements for environmental, safety, or health, including DOE and/or Executive Orders?								
Does the proposed action require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities?								
Does the proposed action disturb hazardous substances, pollutants, contaminants, or CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases?								
Does the proposed action adversely affect environmentally sensitive resources?								
Does the proposed action involve genetically engineered organisms, synthetic biology, governmentally designated noxious weeds, or invasive species such that the action is NOT contained or confined in a manner designed, operated, and conducted in accordance to applicable requirements to prevent unauthorized release into the environment?								
If "NO" to all Categorical Exclusion Integral Elements questions above, complete Section VI, and provide to DOE NCO for final Approval/Determination and signature in Section VII.								
If "YES" to any of the Categorical Exclusion Integral Elements questions above, contact DOE NCO for additional NEPA Review.								
VI. Responsible Contractor Signatures
