:

**OE Docket No. PP-371**

**Campton Conservation Commission  
MOTION TO INTERVENE**

Pursuant to Rules 212 and 214 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (18 CFR 385.212 and 214 [2010]), the Campton Conservation Commission does hereby file this motion to intervene. In support of this motion, we state as follows:

1. Notices, correspondence and other communications

All notices, correspondence, communications and other information concerning this proceeding should be directed to: Campton Conservation Commission, 12 Gearty Way, Campton, NH 03223, telephone (603)726-3223, ext. 101, email [conservationcommission@camptonnh.org](mailto:conservationcommission@camptonnh.org)

2. Movant's interest

The Town of Campton is one of many slated to be directly affected by the Northern Pass Transmission Project. The project is proposed to directly impact several ecologically sensitive areas, including wetland areas within our town's borders.

The Campton Conservation Commission's mission is to work to preserve, protect, and properly utilize natural resources for current and future residents of the town. We are responsible for oversight of wetland permitting within the town. Furthermore, the Campton Conservation Commission believes the community is sustained by its natural landscapes, clean water, forest and agricultural products, and varied habitats for plants and animals.

We believe the Town of Campton and thereby the Campton Conservation Commission has a direct and substantial interest in the outcome of this proceeding, our interests cannot be adequately represented by other parties, and that we are entitled to intervene in this proceeding.

3. Motion to intervene

The Campton Conservation Commission hereby moves to intervene in the above-captioned proceeding. We respectfully request the Department of Energy, Office of Electricity Delivery and Energy Reliability (DOE), to grant our motion.

Respectfully submitted,

Tammy Wooster  
Campton Conservation Commission Representative
