

**Projects selected for Funding under the
Joint NYSERDA / DOE Energy Storage Initiative,**

Project Title	Company	Type
NAS Battery Demonstration Project	New York Power Authority White Plains, NY	Demonstration
Grid Frequency Regulation by Recycling Electrical Energy in Flywheels	Beacon Power Corporation Wilmington, MA	Demonstration
Demonstration of Commercial Energy Storage Device in Edge of Grid Application	Gaia Power Technologies New York, NY	Demonstration
Rotor Development for Advanced Flywheel Power Systems	AFS Trinity Power Corporation Livermore, CA	Development
New York Storage Market Analysis	Distributed Utility Associates Livermore, CA	Analysis
Market Analysis Studies	EPRI PEAC Corporation Knoxville, TN	Analysis
Mini-CAES for Transmission Congestion Relief	Ridge Energy Storage & Grid Services Houston, TX	Analysis

These advanced energy storage projects have been selected for funding. Contracts currently being negotiated and NYSERDA will announce the awards at a later date.
