

August 10, 2007

DECISION AND ORDER
OF THE DEPARTMENT OF ENERGY

Supplemental Order

Name of Petitioner: Crude Oil Supplemental Refund Distribution

Date of Filing: August 10, 2007

Case Number: RB272-10120

In this Decision and Order, we announce a revision to the volumetric refund amount used in the final distribution of Subpart V crude oil refunds, and order payments required under a May 1, 2007 settlement agreement between the Department of Energy and certain claimants in the present proceeding (the May 1, 2007 Settlement Agreement). The U.S. District Court for the District of Columbia, in the case remanded by the U.S. Court of Appeals, approved the May 1, 2007 Settlement Agreement by an order issued on July 9, 2007.

The May 1, 2007 Settlement Agreement provides for the payment of final refunds to all eligible claimants in this proceeding. Specifically, the DOE agreed to the payment of final refunds to 96 claimants specified in the Agreement by sixty days following the entry of the court order approving the Agreement. The DOE further agreed to the payment of refunds to all other eligible claimants “insofar as practicable and as soon as practicable . . .” Paragraph 1(b) May 1, 2007 Settlement Agreement.

Pursuant to the Settlement Agreement, OHA announced on July 17, 2007, that we would use a volumetric refund amount of \$0.000081939 per gallon to pay the final refunds in this proceeding.¹ This calculation used a numerator of \$29,952,102.80, the total of available funds, and a denominator of 365,541,413,386 gallons, i.e., the number of gallons of petroleum products purchased during the controls period by eligible claimants.

We have since identified \$479,352.00 in refund claims that, for purposes of computing the current volumetric refund amount (\$0.000695389 per gallon) announced in January 2006, we had assumed would be eligible for refunds, 71 Fed. Reg. 2195, but which are no longer eligible for refunds. As a result, we can increase the numerator of the volumetric calculation by \$479,352.00, and decrease the denominator by the total volume of all but one of these claims, 79,456,833 gallons.² Finally, we can add to the numerator \$175,436.71 in interest that accrued on these funds between June 30, 2007 and July 31,

¹The volumetric refund amount as announced was rounded to 9 decimal places. However, the volumetric factor applied in calculating each refund ordered in our July 17 decision was more precise, \$0.000081939013482917, having been rounded to 18 decimal places.

² The gallonage claimed in one of these cases (RF272-75497) had already been excluded from the denominator of the volumetric calculation announced on July 17, 2007.

2007. This results in a revised numerator of \$30,606,891.51 and a revised denominator of 365,461,956,553 gallons, and produces a final volumetric refund amount of \$0.000083748502302897 per gallon.

This decision approves supplemental refunds for the applicants listed in the Appendices to this decision, as provided for in the May 1, 2007 Settlement Agreement. For each applicant, the Appendices contain the name, case number, and the amount of the supplemental refund. Pursuant to our July 17, 2007 decision, each of these applicants has already received a supplemental refund based upon a \$0.000081939013482917 per gallon volumetric refund amount. Therefore, the amount of the refunds in the appendix is based upon the difference between the \$0.000081939013482917 per gallon volumetric refund already received by these claimants, and the \$0.000083748502302897 per gallon refund announced in this decision, *i.e.*, \$0.00000180948881998 per gallon of approved petroleum product purchases.³ The decision approves supplemental refunds for 96 applicants, totaling \$152,502.00.

It Is Therefore Ordered That:

(1) The Accounting Operations Division, Energy Finance and Accounting Service Center, Office of the Chief Financial Officer of the Department of Energy shall take appropriate action to disburse supplemental refunds, no later than August 30, 2007, to Philip P. Kalodner, on behalf of the Applicants listed in Appendix A to this Order, in the amount of \$113,987.00 via ACH payment, as set forth in a memorandum accompanying this Decision and Order.

(2) The Accounting Operations Division, Energy Finance and Accounting Service Center, Office of the Chief Financial Officer of the Department of Energy shall take appropriate action to disburse, no later than August 30, 2007, supplemental refunds to Stanley O. Sher, on behalf of the Applicants listed in Appendix B to this Order, in the amount of \$7,764.00 via ACH payment, as set forth in a memorandum accompanying this Decision and Order.

(3) The Accounting Operations Division, Energy Finance and Accounting Service Center, Office of the Chief Financial Officer of the Department of Energy shall take appropriate action to disburse, no later than August 30, 2007, a total of \$30,751.00 in supplemental refunds to the Applicants listed in Appendix C to this Order, in the individual refund amounts specified therein.

(4) The funds shall be disbursed from the escrow fund denominated Crude Tracking-Claimants 4, Account No. 999DOE010Z, maintained at the Department of the Treasury.

(5) Any conditions imposed that applied to an applicant's receipt of the initial crude oil refund shall also apply to that applicant's receipt of this supplemental refund.

³ As provided for in the May 1, 2007 Settlement Agreement and referenced above, we will use the final volumetric refund amount of \$0.000083748502302897 per gallon in ordering refunds to all other eligible claimants "insofar as practicable and as soon as practicable" Paragraph 1(b) May 1, 2007 Settlement Agreement.

(6) The determinations made in this Decision and Order are based upon the presumed validity of the statements and documentary material submitted by the applicants. This Decision and Order may be revoked or modified at any time upon a determination that the basis underlying a refund application is incorrect.

(7) This is a final Order of the Department of Energy.

Fred L. Brown
Acting Director
Office of Hearings and Appeals

Date: August 10, 2007
