DOE/FE Order No. 3563

On December 11, 2014, in DOE/FE Order No. 3563, the Office of Fossil Energy (FE) of the Department of Energy (DOE) granted MPower Energy LLC (MPower) blanket authority to import and export up to a combined total of 2 billion cubic feet (Bcf) of natural gas from and to Canada, pursuant to transactions that have terms of no longer than two years. The authorization is effective for a two-year term, which began on December 11, 2014, and extends through December 10, 2016. Prior to the issuance of DOE/FE Order No. 3563, however, MPower amended its application to increase the authorized volume from a combined total of 2 Bcf to 5 Bcf. That change was omitted inadvertently from DOE/FE Order No. 3563.

Therefore, the following changes will be made to Order No. 3563:

(1) In Section I of the Order (DESCRIPTION OF REQUEST), the first sentence will be changed to read:

On October 24, 2014, MPower Energy LLC (MPower) filed an application with the Office of Fossil Energy (FE) of the Department of Energy under section 3 of the Natural Gas Act (NGA) for blanket authorization to import and export up to a combined total of 5 billion cubic feet (Bcf) of natural gas from and to Canada.

(2) In the section titled ORDER, the first sentence of Ordering Paragraph A will be changed to read:

(A) MPower is authorized to import and export up to a combined total of 5 Bcf of natural gas from and to Canada, pursuant to transactions that have terms of no longer than two years.

All other Findings and Ordering Paragraphs in DOE/FE Order No. 3563 remain in full force and effect.

Issued in Washington, D.C., on January 8, 2015.

A handwritten signature in black ink, appearing to read "John A. Anderson", written over a horizontal line.
