Re: Louisiana LNG Energy, LLC  
Docket No. 14-19-LNG  
DOE/FE Order No. 3482  
Semi-Annual Report

To: Office of Natural Gas Regulatory Activities

In accordance with the conditions of DOE/FE Order No. 3482 issued August 28, 2014, Louisiana LNG Energy, LLC ("LLNGE") submits this semi-annual report describing the progress of its proposed Mississippi River Liquefied Natural Gas Facility ("Project") as required by Ordering Paragraph J.

Please direct any questions concerning this filing to the undersigned at (813) 309-1570.

Respectfully submitted,

/s/ Tom Burgess

Tom Burgess  
Vice President, Marketing  
Louisiana LNG Energy, LLC

Enclosure

**Louisiana LNG Energy, LLC  
Docket No. 14-19-LNG  
DOE/FE Order No. 3482  
Semi-Annual Report  
April 1, 2015**

**Progress of the Project**

On July 11, 2014, LLNGE submitted its request to begin the mandatory FERC pre-filing review process for LNG terminal facilities. The FERC docket number assigned to LLNGE is PF14-17-000. FERC accepted LLNGE's request in a letter order dated July 18, 2014. As part of the pre-filing process, LLNGE files monthly status reports detailing the activities related to the Project. LLNGE filed initial draft resource reports on August 19, 2014, October 15, 2014 and November 14, 2014.

**Date Facility Is Expected To Be Operational**

LLNGE currently anticipates filing its FERC application in the third quarter of Fiscal Year 2015 and begin full operations in late 2018.

**Status of Long-Term Contracts**

LLNGE has not yet entered into any long-term contracts associated with the long-term export of LNG or any long-term supply contracts. LLNGE will file all such contracts with DOE/FE within 30 days of their execution, in accordance with Ordering Paragraph D of DOE/FE Order No. 3482.
