Re: **Louisiana LNG Energy, LLC, DOE/FE Docket No. 14-19-LNG**
Semi-Annual Report

Dear Ms. Moore:

Pursuant to Ordering Paragraph J of DOE/FE Order No. 3482, Louisiana LNG Energy, LLC (“LLNG”) hereby submits its semi-annual report describing the progress of the proposed liquefaction facility.¹ LLNG is submitting this semi-annual report out of time due to administrative error following its recent change in ownership. LLNG’s facility remains in pre-filing with the Federal Energy Regulatory Commission, and LLNG intends to file its formal application to construct the proposed liquefaction facility in early 2016. LLNG has not executed any long-term export or supply contracts. Exports of LNG from the proposed liquefaction facility are expected to commence in 2021.

Please contact me if you have any questions.

Respectfully submitted,

/s/ John S. Decker

John S. Decker
Attorney for Louisiana LNG Energy, LLC
