BACKGROUND

On November 6, 2015, Sabine Pass Liquefaction, LLC (“Sabine Pass”) filed an application with the Department of Energy’s Office of Fossil Energy (“DOE/FE”) seeking a short-term multi-contract authorization to export domestically produced liquefied natural gas (“LNG”) up to the equivalent of 600 billion cubic feet (“Bcf”) of natural gas over a two-year term to non-Free Trade Agreement (“non-FTA”) countries. Sabine Pass seeks this authorization to export natural gas as LNG on its own behalf and as agent for others for a two-year period,

commencing on the earlier of the date of first export or January 15, 2016. Sabine Pass proposes to liquefy the natural gas at the Sabine Pass LNG liquefaction facility under construction in Cameron Parish, Louisiana, for export via ocean-going vessel to any nation that currently has or develops the capacity to import LNG, with which the United States does not have an FTA requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy. The deadline to intervene in the above-captioned proceeding is December 23, 2015.¹

INTERVENTION

API is a national trade association representing 650 member companies involved in all aspects of the oil and natural gas industry in the United States. Our members include owners and operators of LNG import and export facilities in the United States and around the world, as well as owners and operators of LNG vessels, global LNG traders, and manufacturers of essential technology and equipment used all along the LNG value chain. Our members also have extensive experience with the drilling and completion techniques used in shale gas development and in producing America's natural gas resources in a safe and environmentally responsible manner. API thus has a direct and immediate interest in this docket which cannot be adequately protected by any other party. Accordingly, API should be permitted to intervene in this docket with full rights as a party.

¹ 80 Fed. Reg. 72,955 (Nov. 23, 2015).

CONCLUSION

For the reasons stated above, API respectfully requests that DOE/FE grant this timely motion to intervene and that API be accorded fully party status in any proceedings held by DOE/FE in this docket.

Respectfully submitted,

/s/ David L. Wochner
