Re: *Cameron LNG, LLC*, FE Docket Nos. 11-145-LNG, 14-204-LNG, 15-36-LNG,
11-162-LNG, 15-67-LNG, 15-90-LNG
Revised Long-Term Contract Summaries

Dear Ms. Sweeney:

Cameron LNG, LLC (“Cameron LNG”) has received: (1) long-term, multi-contract authority to export liquefied natural gas (“LNG”) to nations with whom the United States has entered into a Free Trade Agreement requiring the national treatment for trade in natural gas, *see* DOE/FE Order No. 3059, FE Docket No. 11-145-LNG (Jan. 17, 2012); Order No. 3620, Docket No. 14-204-LNG (Apr. 9, 2015); and Order No. 3680, Docket No. 15-36-LNG (July 10, 2015); and (2) long-term, multi-contract authority to export LNG to nations with whom the United States has not entered into a Free Trade Agreement requiring the national treatment for trade in natural gas, *see* Order No. 3391-A, Docket No. 11-162-LNG (Sept. 10, 2014); Order No. 3797, Docket No. 15-67-LNG (Mar. 18, 2016); and Order No. 3846, Docket No. 15-90-LNG (July 15, 2016) (collectively, “Export Authorizations”).

Pursuant to the long-term contract filing requirements of the Export Authorizations, Cameron LNG submits herewith for filing a revised summary of the Liquefaction and Regasification Tolling Agreements (“LRTA”) that incorporates changes since Cameron LNG’s previous filing on June 10, 2013. Specifically, this submission reflects a recent transaction whereby Engie S.A. f/k/a GDF Suez S.A. has assigned its LRTA to Global LNG S.A.S., resulting in a change in Cameron LNG’s counterparty. This submission also takes the opportunity to update other, non-substantive information in each of the three LRTA summaries. The format for these summaries is the same format used in Cameron LNG’s prior submission.
