

DEPARTMENT OF ENERGY

CLASS DEVIATION

FAR 52.222-8 PAYROLLS AND RECORDS

This class deviation revises paragraph (b)(1) of FAR 52.222-8, Payroll and Basic Records, to remove unnecessary personal information (home address and full social security number) required by the clause. This implements changes published by the Department of Labor on December 19, 2008 (73 FR 77504) to no longer require the home address and full social security number of all laborers on construction contract weekly payroll submissions to the Contracting Officer. FAR Case 2009-018 has been opened to formally amend FAR 52.222-8. The revised text is attached.

Contracting Officers may amend existing contracts consistent with FAR 1.108(d) and should include this change in all construction solicitations and contracts.

This class deviation is effective upon signature and will remain in effect until incorporated in the Federal Acquisition Regulation. This Class Deviation is compliant with Civilian Acquisition Council Letter 2009-02 advising of the change. Questions may be directed to Richard Langston (202) 287-1339 or Richard.Langston@hq.doe.gov.
