RE: Ex Parte Communication, Docket EERE-2012-BT-STD-0022

To whom it may concern,

On April 19, 2013, representatives from PJM Interconnection LLC and the National Rural Electric Cooperatives Association held a phone call with members of the Department of Energy's General Counsel and Building Technologies offices to discuss legal and procedural questions related to the docket referenced pertaining to residential electric storage water heaters.

The purpose of this meeting was to gain clarity on the statutory authorities the Department was exercising to grant a waiver as proposed in the NOPR issued February 26, 2013 (Federal Register, vol. 78, no. 38) and to further understand the basis for some of the stipulations enumerated in the NOPR.

Sincerely,

/s/ Scott Baker
