ENERGY Energy Efficiency & Renewable Energy

Buyers and procurement officials

You've been told:

"This isn't the product I want."

Buyers and procurement officials

Honor your commitment with these steps:

Explain

"These specs won't meet Federal requirements and will increase your energy costs."

Engage

"Let's find a product that meets FEMP or ENERGY STAR® requirements. Let me show you an example."

Report

"If a compliant product won't work, we have to justify why it's not cost effective. Let's work on the justification."
