ATTN OF: Office of NEPA Policy and Compliance

SUBJECT: *Directory of Potential Stakeholders for DOE Actions under NEPA: 30th Edition*

TO: DOE NEPA Community

I am pleased to announce the issuance of the 30th edition of the *Directory of Potential Stakeholders for DOE Actions under NEPA*, which is posted on the DOE NEPA Website at <http://energy.gov/nepa/public-participation>. The *Directory* is primarily intended to supplement lists that Departmental Offices compile for individual projects or facilities. DOE Offices are encouraged to be inclusive in providing potentially interested parties with opportunities to review NEPA documents.

The *Directory* identifies contacts in federal agencies; states, territories, and state government associations; and nongovernmental organizations for reviewing environmental impact statements and environmental assessments, and for other NEPA public involvement and consultation activities. The appendices provide a link to a list of DOE NEPA Compliance Officers and identify DOE contacts for American Indian tribal issues and public reading rooms and libraries used for many DOE NEPA documents.

The NEPA Office will update the *Directory* throughout the year, as new information warrants. Please send any updates, questions, and suggestions for further improvements to askNEPA@hq.doe.gov.

PREFACE

This *Directory of Potential Stakeholders for DOE Actions under NEPA* is prepared by the Office of NEPA Policy and Compliance. The *Directory* is available on the DOE NEPA Website at <http://energy.gov/nepa/downloads/directory-potential-stakeholders-doe-actions-under-nepa>. The *Directory* complements DOE's *EIS Distribution Guidance* (<http://energy.gov/nepa/downloads/eis-distribution>).

The Council on Environmental Quality regulations implementing NEPA (40 CFR Parts 1500-1508) include provisions for public involvement:

- Agencies must ensure that environmental information is available to public officials and citizens before decisions are made and before actions are taken [40 CFR 1500.1(b)].
- Agencies must involve environmental agencies, applicants, and the public, to the extent practicable, in preparing environmental assessments and must affirmatively solicit comments on draft environmental impact statements from those persons or organizations who may be interested or affected [40 CFR 1501.4(b) and 1503.1(a)(4)].
- Agencies must also provide public notice of NEPA-related hearings, public meetings, and the availability of environmental documents so as to inform those persons and agencies who may be interested or affected and must solicit appropriate information from the public [40 CFR 1506.6(b) and (d)].

To supplement the lists of potentially interested parties that DOE offices compile for individual proposals, the *Directory* lists current contacts in federal agencies; states, territories, and state government associations; and nongovernmental organizations. Offices are encouraged to be inclusive in providing opportunities to review DOE NEPA documents.

The NEPA Office updates this *Directory* annually in July and may issue revisions throughout the year as new information becomes available. Please direct questions to askNEPA@hq.doe.gov.
