

QUADRENNIAL ENERGY REVIEW TECHNICAL WORKSHOP

ENERGY RESILIENCE – OIL

1

ENERGY RESILIENCE - OIL

- Production
- Crude Oil Distribution System
 - Pipeline (Production to terminals)
 - Rail
 - Terminals (Load)
 - Storage
- Transportation
 - Vessels
 - Ships
 - Barges
 - Transit choke points
 - Ports (Delivery)
 - Pipelines (Delivery port to refinery)

ENERGY RESILIENCE - OIL

- Refineries
 - Docks/tankage
 - Processing Units
 - Infrastructure
- Product Import Terminals
- Product Transportation
 - Pipelines
 - Storage areas/pump stations
 - Line access
 - Rail
 - Vessels
- Product Distribution Terminals
- Product Storage
