Subject: Motion to Intervene docket 14-179-LNG
Date: Monday, February 09, 2015 4:19:28 PM

To Whom it May Concern:

I am a mother desperately trying to support existence of a livable planet for my children and all children. I am therefore writing to express my strong opposition to the LNG export proposal.

The transport of more and more fossil fuels to be burned in any market - foreign or domestic - is a threat to life as we know it. Methane is a powerful greenhouse gas, and increasing its use by export to foreign markets is not in the public interest. We cannot afford to exacerbate climate change in this way.

I and many others have only recently learned about the comment period. Please grant a motion to intervene in these proceedings, so more of the public can have an opportunity to express their deep concerns about this very important matter.

Thank you for your attention to this.

Sincerely,
Nili Pearlmutter
