Subject: Motion to Intervene docket 14-179-LNG
Date: Monday, February 09, 2015 4:22:09 PM

I am writing as a member of Mothers Out Front: Mobilizing for a Livable Climate, to express strong opposition to the LNG export proposal. The transport of more and more fossil fuels to be burned in any market - foreign or domestic - ***is a threat to my child's future*** and to life as we know it. Methane is a powerful greenhouse gas, and increasing its use by export to foreign markets is not in the public interest. We cannot afford to exacerbate climate change in this way.

I and many others have only recently learned about the comment period. Please grant a motion to intervene in these proceedings, so more of the public can have an opportunity to express their deep concerns about this very important matter.

Sincerely,
Nina Dillon
