Subject: PLAINS & EASTERN CLEAN LINE TRANSMISSION LINE - PART 2 APPLICATION

Dear Mr. Moniz,

The concern I'm bringing before you is in regards to the Non-NEPA Section 1222 review for Clean Line Energy Partners' proposed Plains and Eastern HVDC line. It would not be right to push this proposal through too quickly without adequate notice to the public and scheduled hearings where landowners, stakeholders and the general public can have time to analyze the merits of the project and provide their comment and input. As was done with the Draft EIS, so should it be done with this proposal, which is even more critical in nature. Please take my concern seriously and know that I speak for many more landowners out there. Thank you.

Sincerely,
Bruce Jones
