ORION AVIATION, CORP.

DOCKET NO. 15-51-NG

ORDER GRANTING BLANKET AUTHORIZATION TO
IMPORT NATURAL GAS FROM CANADA AND MEXICO

DOE/FE ORDER NO. 3657

JUNE 11, 2015

I. DESCRIPTION OF REQUEST

On March 30, 2015, Orion Aviation, Corp. (Orion) filed an application with the Office of Fossil Energy (FE) of the Department of Energy under section 3 of the Natural Gas Act (NGA)¹ for blanket authorization to import up to 2 billion cubic feet (Bcf) of natural gas from Canada and to import up to 2 Bcf of natural gas from Mexico. The applicant requests the authorization be granted for a two-year term beginning on the date the Order is issued. Orion is a Nevada corporation with its principal place of business in Plantation, Florida.

II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public interest, and applications for such imports or exports must be granted without modification or delay. The authorization sought by Orion to import natural gas from Canada and Mexico, nations with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

¹ The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. § 717b) has been delegated to the Assistant Secretary for FE in Redelelegation Order No. 00-006.02 issued on November 17, 2014.

ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. Orion is authorized to import up to 2 Bcf of natural gas from Canada and to import up to 2 Bcf of natural gas from Mexico, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on June 11, 2015, and extending through June 10, 2017.

B. This natural gas may be imported at any point on the border between the United States and Canada and at any point on the border between the United States and Mexico.

C. **Monthly Reports:** With respect to the natural gas imports authorized by this Order, Orion shall file with the Office of Oil and Gas Global Security and Supply, within 30 days following the last day of each calendar month, a report indicating whether imports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no imports have been made, a report of "no activity" for that month must be filed. If imports of natural gas have occurred, the report must give the following details: (1) the country of origin; (2) the point(s) of entry; (3) the volume in thousand cubic feet (Mcf); (4) the average purchase price of gas per million British thermal units (MMBtu) at the international border; (5) the name of the supplier(s); (6) the name of the U.S. transporter(s); (7) the estimated or actual duration of the supply agreement(s); and (8) the geographic markets(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than July 30, 2015, and should cover the reporting period from June 11, 2015, through June 30, 2015.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Oil and Gas Global Security and Supply, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Natural Gas Reports. Alternatively, reports may be e-mailed to ngreports@hq.doe.gov, or may be faxed to Natural Gas Reports at (202) 586-6050.

Issued in Washington, D.C., on June 11, 2015.

John A. Anderson
Director, Office of Oil and Gas Global Security and Supply
