LIFETIME ENERGY SAVINGS

**7 Million**

MMBtu ENERGY SAVINGS

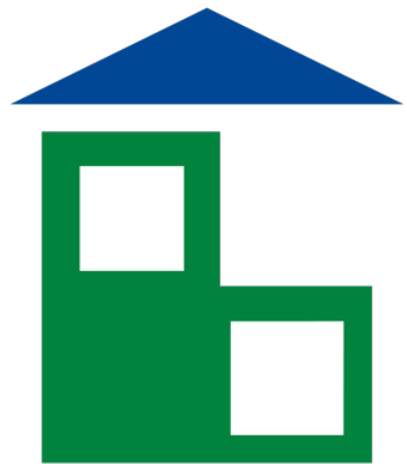

**\$878 Million**

CONTRACTOR INVOICES

The **energy saved** is  
equivalent to more than **twice** the  
energy used by the U.S. Capitol  
campus in **one year.**

# Individual Homeowners in Your Communities Benefited

AVERAGE HOME

=

**22%**

LESS ENERGY

**\$480**

SAVINGS PER YEAR

**\$6,100**

SAVINGS OVER LIFETIME

# Individual Homeowners in Your Communities Benefited

## Comfort

“The **comfort level is significantly improved** around the bay window and in the children's rooms under the attic...(my son said) ‘I don’t need these blankets any more, I’m so warm!’”

— *Roberta Kisker, University Park, MD, resident*

## Costs

“Our **energy bills have plummeted**, and we couldn’t be happier with the aesthetic and fiscal results.”

— *Karen Stanley, Connecticut homeowner*

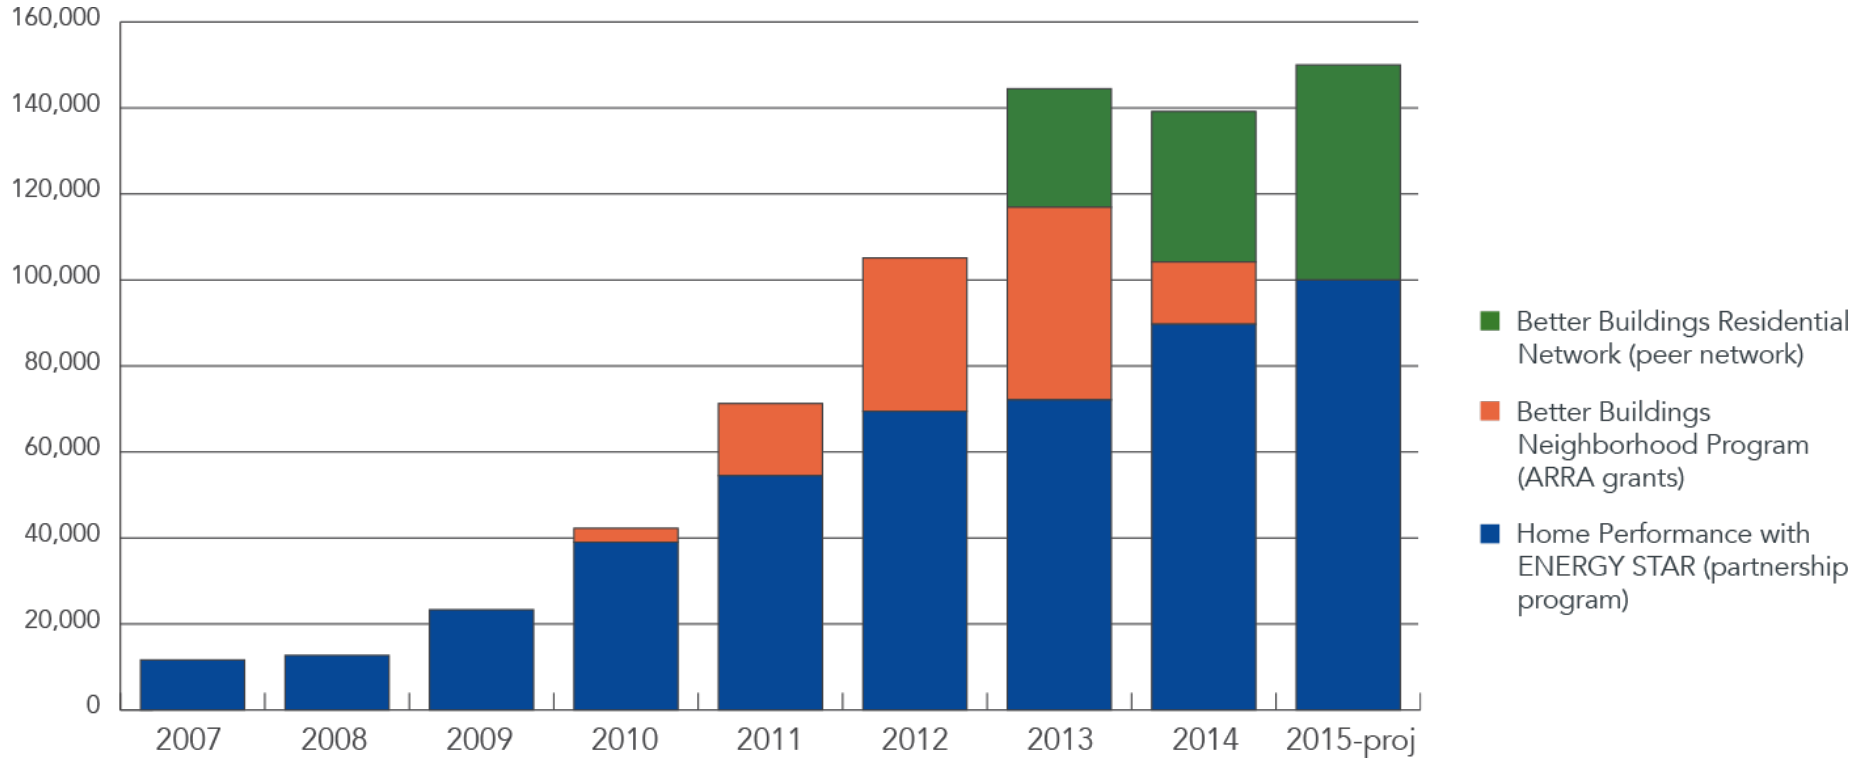

## Careers

“I **would have been in the unemployment line** if it weren’t for this (energy assessment job). I’m a pretty small fish, but it’s been a huge difference to me.”

— *Mark McLain, Carbondale, CO, architect*
