ORDER GRANTING BLANKET AUTHORIZATION TO  
IMPORT AND EXPORT NATURAL GAS  
FROM AND TO CANADA  
AND VACATING PRIOR AUTHORIZATION

DOE/FE ORDER NO. 3667

JUNE 24, 2015

## I. DESCRIPTION OF REQUEST

On June 3, 2015, PetroChina International (Canada) Trading Ltd. (PCIC) filed an application with the Office of Fossil Energy (FE) of the Department of Energy (DOE) under section 3 of the Natural Gas Act (NGA)<sup>1</sup> for blanket authorization to import and export up to a combined total of 120 billion cubic feet (Bcf) of natural gas from and to Canada. The applicant requests the authorization be granted for a two-year term beginning on the date the Order is signed. PCIC is a Canadian corporation with its principal place of business in Calgary, Alberta, Canada.

Previously, on August 21, 2014, PCIC's corporate affiliate, PetroChina International (Canada) Inc., was granted authorization in DOE/FE Order No. 3471 to import and export natural gas from and to Canada for a two-year term beginning on September 1, 2014, and extending through August 31, 2016. On June 12, 2015, PetroChina International (America) Inc. (PCIA) notified DOE that the requested company name in DOE/FE Order No. 3471 was made in error. Therefore, contemporaneous with the issuance of this authorization to PCIC, PCIA requests that DOE/FE Order No. 3471 be vacated effective the date this Order is issued.

## II. FINDING

The application has been evaluated to determine if the proposed import and/or export arrangement meets the public interest requirement of section 3 of the NGA, as amended by section 201 of the Energy Policy Act of 1992 (Pub. L. 102-486). Under section 3(c), the import and export of natural gas, including liquefied natural gas (LNG), from and to a nation with which there is in effect a free trade agreement requiring national treatment for trade in natural gas and the import of LNG from other international sources are deemed to be consistent with the public

<sup>1</sup> The authority to regulate the imports and exports of natural gas, including liquefied natural gas, under section 3 of the NGA (15 U.S.C. §717b) has been delegated to the Assistant Secretary for FE in Redelelegation Order No. 00-006.02 issued on November 17, 2014.

interest, and applications for such imports and exports must be granted without modification or delay. The authorization sought by PCIC to import and export natural gas from and to Canada, a nation with which a free trade agreement is in effect, meets the section 3(c) criterion and, therefore, is consistent with the public interest. This Order authorizes transactions with terms of no longer than two years.

#### ORDER

Pursuant to section 3 of the NGA, it is ordered that:

A. PCIC is authorized to import and export up to a combined total of 120 Bcf of natural gas from and to Canada, pursuant to transactions that have terms of no longer than two years. This authorization shall be effective for a two-year term beginning on June 24, 2015, and extending through June 23, 2017.

B. This natural gas may be imported and exported at any point on the border between the United States and Canada.

C. **Monthly Reports:** With respect to the natural gas imports and exports authorized by this Order, PCIC shall file with the Office of Oil and Gas Global Security and Supply, within 30 days following the last day of each calendar month, a report indicating whether imports or exports of natural gas have been made. Monthly reports must be filed whether or not initial deliveries have begun. If no exports have been made, a report of “no activity” for that month must be filed. or actual duration of the supply agreement(s); and (9) for imports, the geographic market(s) served (list State(s), U.S. Census Region(s), or general U.S. geographic area(s)).

(Approved by the Office of Management and Budget under OMB Control No. 1901-0294)

D. The first monthly report required by this Order is due not later than July 30, 2015, and should cover the reporting period from June 24, 2015, through June 30, 2015.

E. All monthly report filings shall be made to U.S. Department of Energy (FE-34), Office of Fossil Energy, Office of Oil and Gas Global Security and Supply, P.O. Box 44375, Washington, D.C. 20026-4375, Attention: Natural Gas Reports. Alternatively, reports may be e-mailed to [ngreports@hq.doe.gov](mailto:ngreports@hq.doe.gov), or may be faxed to Natural Gas Reports (202) 586-6050.
