General Comment

This is unbelievable!!!! We commented on the EIS website months ago and were told that we would be notified when our comments were read. I was reading the Arkansas Times today June 11, 2015 and saw that the deadline is June 12, 2015?!?!? This is the first that I or my husband have heard about the June 12 deadline! We have had Cleanline Energy employees on our property to take pictures because of the enormous impact the transmission lines will have on our property value, though we do not live on the proposed boundary lines. This screams corruption and cover-up!!!! Section 1222 is unconstitutional!!!! We deserve more time to comment!!!
