FAR 8.4 vs. Open Market: This course will teach Schedule users the differences between conducting a procurement under GSA Schedules IAW FAR 8.4 as contrasted with doing a "full and open" procurement under FAR 15. Procedures and terminology will be discussed as well as do's and don'ts when procuring under FAR 8.4. 2 CLPs

GSA Reverse Auction: Attend will learn about all of the exciting new improvements, gain valuable information and knowledge on the Reverse Auction eTool system and the benefits offered by this system to obtain quotes and record level III agency transaction (prices paid) data. During this training course, attendees will receive a demonstration of the reverse auction process utilizing the eTool. 1 CLP

Acquisition Gateway: The Common Acquisition Platform (CAP) team can provide a demonstration and training on usage of the Gateway tool. The [Acquisition Gateway](#) is the workspace for acquisition professionals to learn, connect, and act upon acquisition information, expertise, and advice. Its content is divided into product and service category hallways and resources. Acquisition professionals will find and can interact with solution comparisons, expert articles, templates, lessons learned, market research tools, prices paid data, and more to achieve successful outcomes at each step of the acquisition lifecycle. 1 CLP

GSA eTools: The GSA eTools training covers GSA Advantage, GSA eBuy, and GSA eLibrary. This suite of tools greatly simplifies access to all of GSA's vehicles. 3 CLPs
