AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on September 28, 2015, by ConocoPhillips Alaska Natural Gas Corporation (CPANGC), requesting blanket authorization to export a quantity of liquefied natural gas (LNG) in an amount up to the equivalent of 40 billion cubic feet (Bcf) of natural gas on a cumulative basis over a two-year period. In the portion of the Application subject to this Notice, CPANGC seeks blanket authorization to export this volume of LNG from facilities located near Kenai, Alaska (Kenai LNG Facility), to any country with which the United States does not have a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries).¹ CPANGC seeks to export this LNG on its own behalf and as agent for other entities who hold title to the LNG at the time of export. CPANGC requests the authorization for a two-

¹ In the Application, CPANGC also requests blanket authorization to export the same volume of LNG to any country that currently has, or in the future may enter into, a FTA requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (FTA countries). DOE/FE will review that request separately pursuant to section 3(c) of the Natural Gas Act, 15 U.S.C. § 717b(c).

year term to commence on February 19, 2016.² The Application was filed under section 3 of the Natural Gas Act (NGA). Additional details can be found in CPANGC's Application, posted on the DOE/FE website at:

² According to CPANGC, February 19, 2016, is the day after its existing blanket authorization to export LNG from the Kenai LNG Facility to FTA countries will expire. CPANGC further states that its existing blanket authorization to export LNG from Alaska to non-FTA countries, issued in DOE/FE Order No. 3418, began on April 14, 2014, and extends through April 13, 2016. CPANGC states, however, that if the requested non-FTA authorization is granted to commence on February 19, 2016, CPANGC will relinquish the remainder of its non-FTA authorization in DOE/FE Order No. 3418 in light of DOE's policy against allowing a single entity to hold duplicate permits running concurrently. SUPPLEMENTARY INFORMATION:

DOE/FE Evaluation

The Application will be reviewed pursuant to section 3(a) of the NGA, 15 U.S.C. § 717b(a). In reviewing this LNG export Application, DOE will consider issues required by law or policy. The Application is considered a renewal of previously issued authority (*see supra* n.2). To the extent determined to be relevant or appropriate, DOE/FE's review will include the impact of LNG exports associated with this Application on Alaskan regional domestic need for the natural gas proposed for export, adequacy of domestic natural gas supply in Alaska, and other issues, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Parties that may oppose the Application should address these issues in their comments and/or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. § 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Interested persons will be provided 30 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, notices of intervention, or motions for additional procedures.
