Unanagx̂ (Aleut)
Communities

TRIBAL & COMMUNITY DESCRIPTIONS

GOALS & OBJECTIVES

Impact Indicators:

1. Increase in partnerships established.
2. Increase in leveraged resources.
3. Increase in number of regional persons possessing core competencies for the Weatherization Assistance Program.

Overall Goal:

To increase the human capacity for implementation of a Tribal Weatherization Assistance Program

GOALS & OBJECTIVES

Objectives:

1. Identify and hire three part-time local community members that desire to learn weatherization techniques.
2. Train Energy Technicians (ET) in methods of weatherization assistance.
3. Develop active listing of regional residential homes that require weatherization.
4. ET's will perform weatherization on identified regional residential homes.

PROJECT ACTIVITIES & SCHEDULE

Objectives & Activities:

A. Identify & hire three local community members that desire to learn weatherization techniques.

1. Advertise Positions
2. Interview prospective Energy Technicians (ET's)

Impact Indicator:

Increase core competencies for the Weatherization Assistance Program.

Approach:

- Develop local capacity
- Realistic time-frame
- Initial prioritization

PROJECT ACTIVITIES & SCHEDULE

Objectives & Activities:

B. Train Energy Technicians the methods of weatherization

1. Prepare training plans that utilize core competencies
2. Train individuals as outlined in plan

Impact Indicator:

Increase core competencies for the Weatherization Assistance Program.

Approach:

- Energy Conservation Education
- Enhance & Inform A Bilateral Partnership

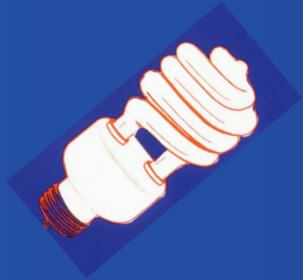

PROJECT ACTIVITIES & SCHEDULE

Objectives & Activities:

C. Develop active listing of residential homes.

1. Gain partnership referrals
2. Advertise as appropriate

Impact Indicator:

Increase established partnership.

Approach:

- Home & business data commutation
- Determine specific energy conservation approaches
- Secure funding for safe & energy efficient structures

PROJECT ACTIVITIES & SCHEDULE

Objectives & Activities:

D. Perform weatherization on identified residential homes.

1. Acquire weatherization materials through local resources
2. Weatherization of appropriate homes
3. Determine additional needs

Impact Indicator:

Increase in leveraged resources.

Approach:

- On-the-job training
- Implementation & safety
- Completion of performed weatherization
