IEED Business Model

Secondary:
Loan Guarantee Program
Division of Capital Investment

To build capacity through the establishment of organizational structure(s) and/or business entity structure(s) capable of engaging in commercial energy development or management activities, including but not limited to

- 1) leasing property,**
- 2) meeting lending requirements,**
- 3) entering into standard business contracts,**
- 4) forming joint venture partnerships.**

These structures include tribal business charters under federal law (IRA Section 17 Corporation), and corporations formed under state or tribal incorporation codes.

To provide funding for the development or enhancement of key regulatory activities, including but not limited to:

- 1) the establishment of tribal policies,**
- 2) enactment of tribal regulations for leasing of surface land for energy development pursuant to the HEARTH Act, legal infrastructure for business formation,**
- 3) regulations,**
- 4) ordinances related to regulating and developing energy resource(s), and**
- 5) adoption of a secured transactions code or a memorandum of understanding, compact, or letter of intent with the state to register liens attached pursuant to this code.**

Tribal Energy Development Capacity (TEDC) Grant Program

Purpose: to develop tribal managerial, organizational and technical capacity needed to maximize the economic impact of energy resource development on Indian land

Provides financial assistance for tribes to:

- 1. Establish business entity structures and/or organizational structures related to energy resource development; and/or**
- 2. Develop or enhance key regulatory activities**

Accepting proposals until June 29th

TRIBAL ENERGY DEVELOPMENT
CAPACITY GRANTS

Energy and Mineral Development Program (EMDP):

- Provides financial assistance and in-house technical support to Tribes for performing data collection and investigations of their energy and mineral potential.
- An annual program using a competitive evaluation process to select proposed projects from tribes.
- Tribes use this information to
 - plan where they want development to occur;
 - promote their lands to industry partners;
 - negotiate the best economically beneficial agreement with partners;
 - develop the resource themselves

Accepting proposals until June 23rd
