

**Annual Merit Review Feedback Session on Hydrogen Infrastructure
Friday, June 10, 2016**

Purpose and Objective:

- The purpose of this session is to review the priorities of the Fuel Cell Technologies Office (FCTO) related to hydrogen infrastructure, in alignment with the AMR.
- FCTO will provide materials articulating the critical technical barriers to expanding hydrogen infrastructure and FCTO strategies to overcome them.
- FCTO will use feedback collected to better inform strategies to address RD&D needs for hydrogen infrastructure.

Key Outcome: Taking into account feedback from this review, FCTO plans to issue an RFI on infrastructure topics for future activities.
