The Honorable Ernest Moniz
Secretary
U.S. Department of Energy
1000 Independence Avenue, S.W.
Washington, D.C. 20585

Dear Secretary Moniz:

The State of Mississippi is blessed with abundant energy resources so we applaud your leadership to optimize the inter-relationship of energy, the environment and economy for the good of all Americans and people around the world.

Toward this end, I respectfully request that you take prompt action for Department of Energy's (DOE) approval of a permit allowing SeaOne Gulfport, LLC (SeaOne) to export natural gas contained in Compressed Gas Liquid (CGL) from its proposed plant in Gulfport, Mississippi, to Non-Free Trade Agreement (NFTA) countries in the Caribbean and countries bordering the Gulf of Mexico.

The DOE received SeaOne's application for an export permit almost a year ago so we will appreciate your attention to this matter that aligns with the Administration's policy of developing America's clean, abundant, affordable energy resources to grow our economy while providing much needed energy to countries in the Caribbean and South America.

Thank you for your attention to this American energy opportunity.

Very truly yours,
