

# SAVE THE DATE!

## Upcoming Department of Energy HUBZone Outreach Events

During the third and fourth quarter of Fiscal Year 2018, the Department of Energy's (DOE's) Office of Small and Disadvantaged Business Utilization (OSDBU) will be partnering with various DOE labs to host three Historically Underutilized Business Zone (HUBZone) outreach events. These HUBZone events are an effort to improve DOE's socioeconomic opportunities with special emphasis not just for the small business communities but also for HUBZone small businesses. These events will connect capable HUBZone small businesses with DOE's laboratory representatives, small business program managers, and procurement representatives.
