RE: Freeport LNG Expansion, L.P. and FLNG Liquefaction, LLC, FLNG Liquefaction 2, LLC; and
FLNG Liquefaction 3, LLC

FE Docket Nos. 10-160-LNG; 10-161-LNG; 11-160-LNG and 12-06-LNG

REGISTRATION PURSUANT TO DOE/FE ORDER NOS. 2913, 3282-C, 3066, 3357-B

I serve as Associate Counsel of Freeport LNG Expansion, L.P., which indirectly owns FLNG Liquefaction, LLC, FLNG Liquefaction 2, LLC and FLNG Liquefaction 3, LLC (collectively, "FLEX"). On February 10, 2011, DOE/FE issued Order No. 2913 granting approval of the long-term authorization to export liquefied natural gas ("LNG") from the Freeport LNG terminal to free trade nations. That Order also authorized FLEX to export LNG as an agent for others and required such customers of FLEX to register with the DOE. Ordering Paragraphs D and G of Order No. 2913 require that certain long-term commercial agreements must be filed with the DOE/FE. Subsequent to the issuance of Order No. 2913, DOE/FE issued Order Nos. 3282-C, 3066 and 3357, each of which contains the same registration and filing requirements as Order No. 2913 (see Ordering Paragraphs D and F of Order No. 3066 and Ordering Paragraphs I and K of Order No. 3282-C and 3357-B) (collectively, the "FLEX Export Authorizations").

On September 30, 2015, FLEXESS, LLC (an affiliate of FLEX) entered into a long-term commercial agreement with The Kansai Electric Power Co., Inc. ("Kansai") to provide the services contemplated by the FLEX Export Authorizations, including acting as agent for authorized LNG exports. Pursuant to the requirements of the FLEX Export Authorizations, FLEX is hereby filing the required customer registration for Kansai, and, contemporaneously with this letter agreement, is filing the required documentation related to the aforementioned long-term commercial agreement.

Please find attached as Exhibit I the registration of Kansai under the authorization of and pursuant to the requirements of the FLEX Export Authorizations. We respectfully request that the customer registration for Kansai be acknowledged by DOE/FE by a letter similar in form and substance to the acknowledgment letter dated February 12, 2014, a copy of which is attached as Exhibit II.
