U.S. DEPARTMENT OF ENERGY
 EERE PROJECT MANAGEMENT CENTER
 NEPA DETERMINATION

RECIPIENT: City of Columbus

STATE: OH

PROJECT TITLE : Columbus City ARRA-EECBG (S) Act8-Home Energy Efficiency Baseload Reduction Program

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
	DE-EE0000706		0

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

- A11** Technical advice and planning assistance to international, national, state, and local organizations.
- A9** Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.
- B5.1** Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

Rational for determination:

The following Project Activity Sheet (PAS) is bounded by the allowable project descriptions in the signed SOW and are therefore categorically excluded from further NEPA review under A9, A11 and B5.1: #8 Home Energy Efficiency Baseload Reduction Program.

Any projects submitted for EECBG funding that fall outside the bounds of the signed SOW will require a separate NEPA determination review.
