

U.S. Department of Energy Categorical Exclusion Determination Form

1) Replace fixtures at transportation center with energy efficient fixtures, 2) retrofit water well pumps to solar power electricity, 3) install energy saving cool roof on Centre Plaza Facility, 4) upgrade HVAC systems at 17 city facilities, 5) install solar lighting on portions of bike and pedestrian paths, 6) retrofit street lights with LED lights, 7) install approximately 7-10 kW solar parking shade at Police Training Center, 8) install 40 kW thin film solar arrays on roof of City Centre Plaza, 9) install approximately 40-70 kW thin film solar arrays on roof of City Corporation Yard, and 10) lighting upgrades at Centre Plaza Facility. Conditions: None Categorical Exclusion(s) Applied: A9, B1.32, B2.5, B5.1 *-For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, see Subpart D of 10 CFI This action would not: threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and including DOE and/or Executive Orders; require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities, but may include such categorically excluded facilities; disturb hazardous substances, pollutants, contaminant CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases; or adversely affect environmentally sensitive resources (including but not limited to those listed in paragrap B.(4)) of Appendix B to Subpart D of 10 CFR 1021). Furthermore, there are no extraordinary circumstances related to this action may affect the significance of the environmental effects of the action; this action is not "connected" to other actions with potential significant impacts, is not related to other proposed actions with cumulatively significant impacts, is not lead to this action in magacts, is not related to other proposed actions with cumulatively significant impacts, is not into tractions with potential significant impacts, is	Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby can from further NEPA review.	, recovery, or s, contaminants, or uncontrolled or ted in paragraph I to this action that s with potentially ded by 40 CFR action, as NEPA in the specified
1) Replace fixtures at transportation center with energy efficient fixtures, 2) retrofit water well pumps to solar power electricity, 3) install energy saving cool roof on Centre Plaza Facility, 4) upgrade HVAC systems at 17 city facilities, 5) install solar lighting on portions of bike and pedestrian paths, 6) retrofit street lights with LED lights, 7) install approximately 7-10 kW solar parking shade at Police Training Center, 8) install 40 kW thin film solar arrays on roof of City Centre Plaza, 9) install approximately 40-70 kW thin film solar arrays on roof of City Corporation Yard, and 10) lighting upgrades at Centre Plaza Facility. Conditions: None Categorical Exclusion(s) Applied: A9, B1.32, B2.5, B5.1 *-For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, see Subpart D of 10 CFI This action would not: threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and including DOE and/or Executive Orders; require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities, but may include such categorically excluded facilities; disturb hazardous substances, pollutants, contaminant CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases; or adversely affect environmentally sensitive resources (including but not limited to those listed to have a produced to the environmental select to the action; this action is not "connected" to other actions with potential significant impacts, is not related to other proposed actions with cumulatively significant impacts, and is not precluded by 40 CFR 1506.1 or 10 CFR 1021.211. Based on my review of information conveyed to me and in my possession (or attached) concerning the proposed action fits within the specified class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby categorically ex	Compliance Officer (as authorized under DOE Order 451.1B), I have determined that the proposed action fits within class(es) of action, the other regulatory requirements set forth above are met, and the proposed action is hereby care.	, recovery, or s, contaminants, or uncontrolled or ted in paragraph I to this action that s with potentially ded by 40 CFR action, as NEPA in the specified
1) Replace fixtures at transportation center with energy efficient fixtures, 2) retrofit water well pumps to solar power electricity, 3) install energy saving cool roof on Centre Plaza Facility, 4) upgrade HVAC systems at 17 city facilities, 5) install solar lighting on portions of bike and pedestrian paths, 6) retrofit street lights with LED lights, 7) install approximately 7-10 kW solar parking shade at Police Training Center, 8) install 40 kW thin film solar arrays on roof of City Centre Plaza, 9) install approximately 40-70 kW thin film solar arrays on roof of City Corporation Yard, and 10) lighting upgrades at Centre Plaza Facility. Conditions: None *-For the complete DOE National Environmental Policy Act regulations regarding categorical exclusions, see Subpart D of 10 CFI This action would not: threaten a violation of applicable statutory, regulatory, or permit requirements for environment, safety, and including DOE and/or Executive Orders; require siting, construction, or major expansion of waste storage, disposal, recovery, or treatment facilities, but may include such categorically excluded facilities; disturb hazardous substances, pollutants, contaminants CERCLA-excluded petroleum and natural gas products that pre-exist in the environment such that there would be uncontrolled or unpermitted releases; or adversely affect environmentally sensitive resources (including but not limited to those listed in paragrage B.(4)) of Appendix B to Subpart D of 10 CFR 1021). Furthermore, there are no extraordinary circumstances related to this action may affect the significance of the environmental effects of the action; this action is not "connected" to other actions with potential significant impacts, is not related to other proposed actions with cumulatively significant impacts, and is not precluded by 40 CFR		, recovery, or s, contaminants, or uncontrolled or ted in paragraph I to this action that s with potentially
