Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

A9 Information gathering, analysis, and dissemination

Information gathering (including, but not limited to, literature surveys, inventories, site visits, and audits), data analysis (including, but not limited to, computer modeling), document preparation (including, but not limited to, conceptual design, feasibility studies, and analytical energy supply and demand studies), and information dissemination (including, but not limited to, document publication and distribution, and classroom training and informational programs), but not including site characterization or environmental monitoring. (See also B3.1 of appendix B to this subpart.)

Rational for determination:

Freshwater Wind I, LLC (Freshwater) would utilize DOE and cost share funds to develop and publish a study of offshore wind system that would be optimized for shallow water conditions found in Lake Erie using existing data and modeling. This study would include information gathering, and reporting.

Budget: \$ 394,000 (DOE); \$ 126,248 (cost share)

This project comprises information gathering, and analysis; therefore CX A9 applies.
