PRIVACY ACT INFORMATION STATEMENT

Collection of the information requested is authorized by the Atomic Energy Act of 1954, as amended, Chapter 12, Control of Information.

The information on the form will be used to review the proposed travel plan to determine if it may endanger either the security of the atomic energy program, or the personal safety of the traveler.

Disclosure of the information on the form is voluntary. If the information is not provided, DOE will be unable to furnish advice to the traveler.
