Re: Information on the Savannah River Site, South Carolina

Dear Officer:

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting information or records on the acquisition of the land comprising the current Savannah River Site ("SRS") in South Carolina. Specifically, I am requesting any documents holding that the SRS is a federal enclave or subject to federal enclave jurisdiction. Such documents may include a deed of title, deed of cession, information regarding how the federal government acquired the land, documents explaining who maintains jurisdiction over the land, whether South Carolina consented to the purchase of the land, or any other similarly relevant documents.

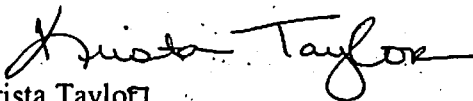

If there are any fees for searching for, reviewing, or copying the records, I am willing to pay the requested fees up to a maximum of fifty dollars (\$50.00). If you estimate that the fees will exceed this limit, please inform me first. I may be contacted at (818) 501-8030 ext. 334 during regular business hours, if necessary, to discuss any aspect of my request.

Please provide the requested information in electronic format, such as a CD-ROM, unless doing so would cause significant delay.

Thank you for your consideration of this request.

Sincerely,

WOHLNER KAPLON PHILLIPS

Re: Document Request

Dear Ms Gatlin,

I am looking for AEC manuals or other guidelines in place during the 1940s and 1950s with regard to release or disposal of hazardous or toxic chemical that are NOT radioactive. Please direct me to the documents you can find. I believe this material is in the office of the historian who directed me to file this request.

I understand that my request is very general, and therefore I am willing to assist you in any way possible. I am also willing to pay the search costs and copying costs. If you have any questions, please feel free to call me at (202) 429-0094.

Very truly yours,

Please identify law firms by DUNS number under NAICS 541110 that have provided intellectual property services (i.e., patent legal services or trademark legal services including preparation, prosecution, licensing, and contested proceeding support) to DOE since October 1, 2006 to present. In addition, please identify the dollar amount of the awards to each law firm, by DUNS number, and the contracting vehicle for procuring these services (e.g., GSA schedule, Sole Source award, BPA, etc.), and, if applicable, any expiration date of the contract. A spreadsheet format is preferable, listing (1) DUNS Number, (2) Contract Type/Vehicle, (3) Dollar amount of award from Oct. 1, 2006 to present, and (4) if applicable, expiration date of the contract. Please feel free to contact me should you wish to discuss this request further.

Preferred Form or Format: electronic document emailed to bambi@bfwpatents.com

Type of Requester (if provided):

An individual seeking information for personal use and not for commercial use.

Fees and Fee Waivers:

I agree to pay up to a specified amount for fees. Enter amount \$ 50.00

Waiver or Reduction of Fees Factors (if provided):

1. The subject of the request: Whether the subject of the requested records concerns "the operations or activities of the government."

Information is to help small businesses

2. The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of government operations or activities.

Information is to help women, minority, HUB-Zone, and services disabled veteran owned small businesses

3. The contribution to an understanding by the general public of the subject likely to result from disclosure, taking into account your ability and intent to disseminate the information to the public in a form that can further understanding of the subject matter.

4. The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities.

Will help us to identify if DOE is working (and how much) with small law firms that are owned by woman, minorities, service disabled vets, and HUB-Zone small businesses

5. The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure, and, if so

Bambi Faivre Walters affirmatively states that she will NOT use this for a commercial purpose

6. The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester."

To help small businesses, this could lead us to follow up with FOIA for possible 2579 forms if initial response suggests that DOE is not working with small businesses

FOIA REQUEST

Fee benefit requested

Expedited review requested

Dear FOI Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to and copies of the 10 largest (by dollar value) cost-plus-award-fee contracts awarded by the department and currently in use by the department. I also request copies of award fee plans, Work Assignment Completion Reports, and Performance Evaluation Board documentation concerning the top 10 cost-plus-award fee contracts issued by the department. In addition I request a detailed accounting of what has been spent on each contract to date. Please include an accounting of the award or incentive fees paid to each contractor and indicate what work the award fee was attached to. Also include the maximum amount of award or incentive fees available to be paid on each contract. If applicable, include an accounting of penalties paid by each contractor for poor work and note which work that penalty was paid for.

I agree to pay reasonable duplication fees for the processing of this request.

As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on cost-plus-award-fee contracts that is of current interest to the public because a significant amount of taxpayer funds are spent on such contracts every year. This information is being sought on behalf of *Federal Times* for dissemination to the general public.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone, rather than by mail, if you have questions regarding this request.

Please provide expedited review of this request which concerns a matter of urgency. As a journalist, I am primarily engaged in disseminating information. The public has an urgent need for information about cost-plus-award-fee contracts because the government spends a large amount of money on them and that dollar value is growing. It is important to see that these contracts are being used appropriately as Congress is debating legislation that could affect how this type of contract will be used in the future. I certify that my statements concerning the need for expedited review are true and correct to the best of my knowledge

Fees and Fee Waivers:

I request a waiver or reduction of fees.

Waiver or Reduction of Fees Factors (if provided):

1. The subject of the request: Whether the subject of the requested records concerns "the operations or activities of the government."

Clearly, a government investigation of the release of radioactive materials in Kansas City, MO concerns "the operations or activities of the government."

2. The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of government operations or activities.

Because the report describes the incident and the government's investigation the report certainly would contribute to an understanding of the government's operations and activities.

3. The contribution to an understanding by the general public of the subject likely to result from disclosure, taking into account your ability and intent to disseminate the information to the public in a form that can further understanding of the subject matter.

The Star's demonstrated ability to disseminate information in Kansas City would contribute

substantially to the public's understanding of this event and the government's investigation of it.

4. The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities.

Given the significance of the Kansas City Plant to the area's economy and the national defense, disclosure could provide important information about the plant, its management and federal oversight.

5. The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure, and, if so

I work for a commercial interest, a daily newspaper in Kansas City, MO.

6. The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester."

I have no personal commercial interest in the release of this material, while our readers have an abiding interest in the safety of workplaces in their community.

Expedited Processing:

I believe a compelling need exists to warrant expedited processing because there is:

an urgency to inform the public concerning actual or alleged Federal Government activity exists (this option available ONLY for requesters primarily engaged in disseminating information)

Specific Justification for Expedited Processing:

Timely disclosure of information under FOIA allows reporters to devote adequate time to evaluating whether the material is newsworthy and whether it conflicts or serves to confirm other information gathered during reporting.

If I can provide any other information about this request, please do not hesitate to contact me.

Dear Ms. Lopez:

I am writing to request that the U.S. Department of Energy ("DOA") supplement its prior production of the following documents pursuant to the Freedom of Information Act ("FOIA") for the period subsequent to July 30, 2007:

All documentation available regarding a U.S. Department of Energy grant which was funded in 2003. This grant was purportedly in the amount of \$850,000 and provided to A123Systems, Inc. for the purpose of developing battery materials and technology for future use in hybrid electric vehicles. We request that the documentation include solicitations and descriptions of the grant, any correspondence with A123Systems, Inc. regarding the grant, a copy of the grant, and any reports or results communicated by A123Systems, Inc.

For your use in determining our status to assess costs, I am "affiliated with a private entity and am seeking information for use by the entity". You have our assurance that any reasonable fees for researching and copying these documents will be paid. If the fees exceed \$500.00, please contact me at (214) 653-4814.

Thank you in advance for your assistance in this matter.

Re: FREEDOM OF INFORMATION ACT REQUEST

Dear Mr. Hagerty and Ms. Szutu,

I am writing on behalf of Public Employees for Environmental Responsibility ("PEER") and the California Sportfishing Protection Alliance ("CSPA") to request access to certain material in the possession of the Lawrence Livermore National Laboratory ("LLNL") for inspection and copying pursuant to the Freedom of Information Act (5 U.S.C. § 552).

Through this request, PEER and CSPA seek to inspect all records pertaining to any rainfall data collected at or near the Lawrence Livermore National Laboratory, Site 300. Peer and CSPA also seek to inspect any and all water quality or flow monitoring data or reports relating to Corral Hollow Creek or its tributaries. Lastly, Peer and CSPA seek to inspect any records pertaining to the presence of the Alameda Whipsnake and/or Red-legged Frog or their habitat at Site 300, Corral Hollow Creek or adjacent areas.

To the extent practicable, we would prefer to receive files in an electronic format (preferably Adobe PDF) on a Windows compatible compact disk or DVD. Accordingly,

"Records," as used in this request, includes all documents; correspondence; agency guidelines and policies; memoranda; agency Memoranda of Understanding; notices; comments and responses to comments; biological, scientific and other studies; reports; environmental analyses; surveys; timelines; charts; graphs; maps; analyses; data; meeting minutes and agendas; distribution lists; notes and transcripts of meetings and conversations; and any other relevant information, whether in hard copy or electronic/computer format. Govt. Code §§ 6253(b), 6252(f).

pursuant to 5 U.S.C. § 552(a)(3)(A), we ask that you promptly respond and make these records available to PEER and CSPA.

PEER and CSPA are a 501(c)(3) tax-exempt non-profit organizations that seek this information for public interest use and not for commercial use. Consequently, we request that fees associated with the search and review of the records be waived pursuant to 5 U.S.C. § 552(4)(A)(i). If your office is unable to waive these fees and costs, please provide an estimate of costs to our office with your response before undertaking the review. Please note that PEER and CSPA intend to review documents responsive to the above request at your offices and will bring their own scanning equipment.

To the extent that a portion of the information that PEER and CSPA have requested is exempt by express provision of law, please segregate and delete that material in accordance with the statute so that the remainder of the information may be provided to satisfy our request. If you determine that an express provision of law exempts from disclosure all or a portion of the material we have requested, please provide to PEER and CSPA a determination and notification of the reason therefore no later than 20 days from your receipt of this request, as required by 5 U.S.C. § 552(a)(6).

Should you have any questions regarding this request, please contact me at (510) 749-8350. Thank you for your cooperation.

Fees and Fee Waivers:

I request a waiver or reduction of fees.

Waiver or Reduction of Fees Factors (if provided):

1. The subject of the request: Whether the subject of the requested records concerns "the operations or activities of the government."

Involves the expenditure of government money.

2. The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of government operations or activities.

Disclosure will contribute to public understanding of government-funded alternative-energy research.

3. The contribution to an understanding by the general public of the subject likely to result from disclosure, taking into account your ability and intent to disseminate the information to the public in a form that can further understanding of the subject matter.

Disclosure would be in the form of newspaper stories published by Times-Shamrock Newspapers, which have a daily circulation of more than 120,000 in Northeastern Pennsylvania

4. The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities.

Disclosure will contribute significantly, given the increased interest in alternative energy sources due to rising fossil fuel prices, particularly in Northeastern Pa., which still has sizable anthracite coal deposits.

5. The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure, and, if so

Requester has no commercial interest.

6. The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester."

Requester has no commercial interest.

Expedited Processing:

I believe a compelling need exists to warrant expedited processing because there is:

an urgency to inform the public concerning actual or alleged Federal Government activity exists (this option available ONLY for requesters primarily engaged in disseminating information)

Specific Justification for Expedited Processing:

The requested disclosure will aid in election-year debate on alternative-energy development.

To Abel Lopez:

This is a request under the Freedom of Information Act ("FOIA"), 5 U.S.C. Sec. 552a, as amended.

Your agency maintains a considerable volume of data. I am requesting a database on CD of all electronic records your agency maintains which include the Federal Employer Identification Number, also known as the FEIN, EIN, TIN, or Tax ID, exclusive of any Social Security Numbers (which we understand are confidential). In addition to the FEIN, we request the corresponding entity's name, address, and (if available), phone number and industry code (preferably NAICS, although SIC will do). No other information from your records is necessary.

We understand that the FEIN, unlike a Social Security Number, corresponds to a business rather than an individual and as such is not considered private information. Many government sources at both the state and federal level make this data element available on a number of publicly disclosed forms and data sources.

In order to help determine my status to assess fees, you should know that I am affiliated with a private corporation; and am seeking information on behalf of a client.

I am aware I am entitled to make this request under the Freedom of Information Act, and if your agency response is not satisfactory, I am prepared to make an administrative appeal. Please indicate to me the name of the official to whom such an appeal should be addressed.

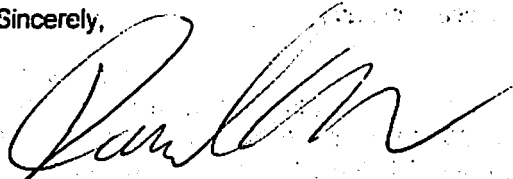

I am aware that if my request is denied I am entitled to know the grounds for this denial.

I am aware that while the law allows your agency to withhold specific categories of exempt information, you are required by law to release any segregable portions that are left after the exempted material has been deleted from the data I am seeking.

I am willing to pay a fee for this request once confirmed.

As soon as the documents are available, please send them to my attention at Judy Diamond Associates, Inc. at the above address. If you need further information, I can be reached at 1-800-231-0669 extension 107. Thank you for your assistance.

Dear Sir/Madam:

This is a request under the federal Freedom of Information Act, as amended, 5 USC 552.

I am seeking the following documents: a list of all first-class and business-class travel, and for what purposes, for U.S. Secretary of Energy Samuel Bodman as well department officials and staffers. I am seeking records of first-class and business-class travel for the above officials work-related travel paid for by the U.S. government and by private companies.

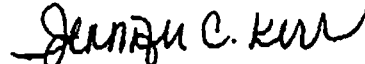

I am requesting this information for the purpose of possible public dissemination in a news article and therefore request that you waive charges pursuant to 5 USC 552 (a) (4) (A), Fed. Reg. 7296, Section 1900.25. I am a journalist employed by The Associated Press.

If you deny this request for a waiver, please advise me in advance of the estimated charges so that I may decide whether to pay the fees or appeal your denial of my request for a waiver of charges.

As I am making this request in the capacity of a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or email, rather than by mail, if you have any questions regarding this request. My phone number is (202) 641-9565 and my email is jckerr@ap.org.

Thank you for your assistance and I will look forward to your reply as soon as possible.

Sincerely,

Record Description:

I am requesting a list of people considered to be "covered executive branch officials" under the Lobbying Disclosure Act who are currently with the Department of Energy. I am only seeking the names and positions of the people classified as such, For your reference, the LDA defines a "covered executive branch official" as the following:

- A. The President;
- B. The Vice President;
- C. Any officer or employee, or any other individual functioning in the capacity of such an officer or employee, in the Executive Office of the President;
- D. Any officer or employee serving in a position in level I, II, III, IV, or V of the Executive Schedule, as designated by statute or Executive order;
- E. Any member of the uniformed services whose pay grade is at or above O-7 under 37 U.S.C. 201; and
- F. Any member or employee serving in a position of a confidential, policy-determining, policy-making, or policy-advocating character described in 5 U.S.C. 7511(b)(2)(B).

Generally, the Act applies to Presidential appointees requiring Senate confirmation (PAS) and Schedule C employees, but does not apply to members of the SES (unless they meet the criteria in C or D, above). If you have any questions about who is considered a lobbyist, how you should respond to contacts from lobbyists, and what your responsibilities are under the Act, you should contact your agency's General Counsel.

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request the U.S. Department of Energy produce any and all agency records concerning, relating to, or reflecting the following subject:

- Any and all correspondence between Hillary Clinton— either in her capacity as First Lady or Senator from New York and copies of all FOIA requests for the above information from 1992 to the present with the Department of Energy
- Copies of all FOIA requests for Senator Barack Obama's correspondence with the Department of Energy from 2005 to the present.

I am willing to pay all reasonable costs incurred in locating and duplicating these materials. Please contact me prior to processing to approve any fees or charges incurred in excess of \$50.

Thank you for your cooperation with this request. I am willing to discuss ways to make this request more manageable to your office. Please do not hesitate to contact me at the number below. Please mail the documents to:

Record Description:

Dear Sirs,

I used to be a mechanical designer/drafter at Los Alamos National Laboratory. (1974-2004, Z- number = 082168) I need a set of drawings I did while at the lab as part of a job search I am currently doing where I now live in Colorado.

The drawing set I want is of experimental hardware I created in 1995. Project name was "Cat Box". Drawing number is 34y-167973, the Cat Box "Pusher Sled Assembly", and fabrication drawings. (Perhaps a dozen sheets total for this drawing/fabrication package) This was hardware used for impact testing at a radiographic facility in Los Alamos, and the project category is something like "Rocket Sled Track and Sleds" according to a colleague who informs me the drawings were available in hardcopy form about a year ago. I also understand that much of this information is now located in the "long term archive" of the laboratory. I received the drawing number from an inquiry I made to the "long term archive" group just recently.

These were originally D-sized drawings, 22" x 34", but I would prefer a set of half scale copies for my purpose.

Thank you for your prompt attention to this inquiry.

Sincerely,

Kathy Pfeufer

Re: FOIA Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act, 5 U.S.C. 552, we request access to and copies of all records and information including, but not limited to, documents, internet materials, memoranda, notes, letters, e-mail, employee handbooks, employment contracts, workplace posters, annual reports, and other records relevant to, or contained in any file, official or otherwise, pertaining to:

1. Any ~~policy~~ whether known by the terms media, communication, information, dissemination, publication, or public affairs policy, or any combination of these or other labels, ~~governing communications including, but not limited to, telephone calls, interviews, press releases or media advisories, and press conferences, between agency employees and the media~~ whether by print, broadcast, internet, or otherwise (henceforth "media communication policies");
2. Any policy, whether known by the terms publication, communication, information, dissemination, congressional, or public policy, or any other combination of these or other labels, governing the review, approval, publication, and/or presentation of scientific information gathered and/or expressed by agency employees including, but not limited to, scientific reports, journals, articles, web postings, conference presentations, congressional testimony, directed at the scientific community, Congress, or the general public (henceforth "non-media communication policies");
3. Any supporting materials including, but not limited to, guidelines, notes, frequently asked questions, memoranda, status sheets, templates, instructions, reports, explanatory or introductory letters, and training materials, developed to assist in the interpretation, clarification, implementation, and enforcement of said media and non-media communication policies;

4. Any agency employees' complaints and/or suggestions regarding said media and non-media communication policies;
5. Any mechanisms, protocols, or other systems developed for the evaluation, review, and/or updating of said media and non-media communication policies by agency officials, agency employees, media personnel, or other individuals;
6. Any mechanisms, protocols, or other systems developed for reporting and resolving disputes, conflicts of interest, or allegations of misconduct in media communications or in the implementation of said media and non-media communication policies;
7. Any records relating to said media and non-media communications policies that contain the statutorily-prescribed addendum of the anti-gag statute¹;
8. Any references to the Whistleblower Protection Act (WPA)² made in relation to said media and non-media communications policies; and
9. Any references to "Sensitive but Unclassified" (SBU) information made in relation to said media and non-media communications policies.

Additional Instructions

When possible please identify what request(s), numbered one through nine above, each item that your agency discloses is responsive to. If any of the material covered by this request has been destroyed or removed, please provide all surrounding documentation including, but not limited to, a description of the action taken regarding the materials and justification for those actions taken. For any documents or portions you deny due to a specific FOIA exemption, please provide a *Vaughn Index* (*Vaughn v. Rosen*, 484 F.2d 820, 827 (D.C. Cir. 1973), *cert. denied*, 415 U.S. 977 (1974)), including a detailed justification of your grounds for claiming such exemption and explanation of why the exemption is relevant to the document or portion of the document withheld.

The Union of Concerned Scientists (UCS) requests that all fees incurred in connection with the attached request to your agency be waived, because "disclosure of the information is in the public interest and is not primarily in the commercial interest of the requester." 5 U.S.C. §552 (a)(4)(A)(iii). office to further refine the request if you find any terms too imprecise, conduct searches for unclassified responsive records, or engage in any other reasonable activities that would lessen the agency's burden and costs.

Since the request is extensive we are happy to work with your office to prioritize the various searches and we would prefer to receive the responsive documents in batches as they are collected.

The Requesters' Public Interest Status and History

The Union of Concerned Scientists (UCS) is a non-profit, non-partisan, public interest organization chartered under IRS Code §501 (c)(3) as a non-profit, educational and charitable organization. We seek to serve the public by working for a healthy environment and a safer world. We do this by combining independent scientific research and citizen action to develop innovative, practical solutions and to secure responsible changes in government policy, corporate practices, and consumer choices.

UCS is actively involved in working with government agencies, elected officials and the public toward solutions to ensure that the best possible science is available for policy-makers to use in crafting the policies that protect human health and the environment. One research aspect of this effort is focused on how freely and openly scientific information is communicated to the media.

Dissemination of the Requested Information

In our efforts to promote respect for federal scientists and the work they do, UCS works closely with Members of Congress, the media, and the public to alert them to any abuses of science in the federal policy-making process. The documents and other materials provided to USC in response to this FOIA request will be used in connection with a campaign aimed at informing key decision-makers at the federal level, the general public, and self-selected subscribers.

The combined circulation and viewer-base of our national, regional, and self-subscribed outlets ensure that the information will, indeed, be widely distributed to diverse segments of the public who will benefit from the authorized disclosures concerning federal policy-making. As a consequence of this dissemination, public understanding and trust of government operations will certainly be enhanced.

Non-commercial use of the Requested Information

Disclosure of this information by UCS is in no way connected with any commercial interest since UCS is a non-profit, tax-exempt organization under §501 (c)(3) of the IRS Code. The information we are seeking is crucial to advance public knowledge

and will not be put to any commercial use.

Please be reminded that under the Freedom of Information Act, we are entitled to a response to this request within twenty working days. Should this request be denied for any reason, we ask that a detailed explanation be provided along with the name of the person to whom administrative appeals should be addressed. If you have any questions regarding this request we would appreciate you contacting us directly by telephone or email, rather than by mail.

Thank you in advance for your assistance and cooperation.

RE: Performance Grievance on Behalf of []

"OTHER" - 2 HOURS SEARCH FREE, 100 FREE PAGES

Dear Mr. Hagerty

This request is made under the Freedom of Information Act by Chapter 228 of the National Treasury Employees Union, the bargaining agent for a large group of employees in the Department of Energy, Germantown, MD. At this time, the request is only for information related to the recently completed Performance Review of [] CF-11.]

We request all written documents, memoranda, correspondence, electronic messages (i.e., e-mails), fax messages, and any and all hand-written messages, notes, or 'buck' slips which might be attached to any of the above items related to [] performance rating periods for 2006 and 2007.

We plan to use this information to help NTEU 228 determine if there is a systemic pattern of abuse in evaluation of employees' performance and if the Department of Energy's has a systemic failure to respond to Information Requests (CFR 7114) from the NTEU. If it is determined that systemic problems exist, we plan to share this information with the employees of the Headquarters and other Unions around the complex.. We expect over 8000 people will benefit from reading this information. It directly affects the employees in DOE and will allow them to make informed decisions regarding their professional and personal futures. The information will also allow all employees to evaluate the veracity of the Human Resources organizations and decide whether or not to take action on previous and on-going personal actions.

It is believed the requested records/information would be in the possession of the following organizations or individuals in the Energy and Finance Center Accounting Operations Division: Mr. Kevin Majane, (CF-11) Ms. Cindy Forder (CF-11) and Ms. Wendy Miller (CF-11)., and in the Human Resources Division, Ms. Sandra Vincent (HC-30) or Kay Benner (HC-30).

Chapter 228 also requests a waiver of any and all fees, which might otherwise apply to this request. The public interest would be served by the release of these documents that directly pertain to the policies and operations of the Department, the treatment of its

workers, and its compliance with Collective Bargaining Agreements with Chapter 228 as well as other Unions, and the public interest.

This information request is being made under the Freedom of Information Act. This request does not, in any way, withdraw, supercede, or replace the Union's right to request information under CFR 7114. In the event that this request is not answered within the statutory time established under the Freedom of Information Act, it is the intention of Chapter 228 to pursue the Department's failure to produce these documents as separate matters, both under the FOIA and the under the Collective Bargaining Agreement.

Please feel free to call me at (301) 903-7143 if you have any questions or to provide clarification of this request.

Sincerely,

COMMERCIAL SEARCH, REVIEW & REPRODUCTION

Dear Sir / Madam,

I am trying to locate some information regarding capital expenditures by DOE during the late 1980's in an ethanol plant in Jasper, TN.

The reason for my inquiry is my company currently owns the property and is in the process of selling the property to a company that will issue bonds to begin construction on a cellulosic ethanol plant.

The bond house that will be issuing the bonds needs to have a document verifying the amount of money that was spent building this site.

I have contacted local and state officials for this information and they could not provide any information except for what was told to them during the time of construction.

If you can provide me with information or put me in contact with someone who can, I would greatly appreciate it. www.ethanolsitetn.com

Thank you,

Fees and Fee Waivers:

I request a waiver or reduction of fees.

Waiver or Reduction of Fees Factors (if provided):

1. The subject of the request: Whether the subject of the requested records concerns "the operations or activities of the government."

The requested records concern performance-based pay systems, which are part of the operations or activities of the government.

2. The informative value of the information to be disclosed: Whether the disclosure is "likely to contribute" to an understanding of government operations or activities.

The disclosure is likely to contribute to the understanding of performance-based pay systems.

3. The contribution to an understanding by the general public of the subject likely to result from disclosure, taking into account your ability and intent to disseminate the

information to the public in a form that can further understanding of the subject matter.

The information is of current interest to the public because many people are interested in the fairness of performance-based pay systems. It will be used to research an article on this subject.

4. The significance of the contribution to public understanding: Whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities.

Studying the results of a performance-pay system is likely to contribute significantly to the public's understanding of how fair such systems are.

5. The existence and magnitude of a commercial interest: Whether the requester has a commercial interest that would be furthered by the requested disclosure, and, if so

The requestor has no commercial interest that would be furthered by this disclosure.

6. The primary interest in disclosure: Whether the magnitude of the identified commercial interest of the requester is sufficiently large, in comparison with the public interest in disclosure, that disclosure is "primarily in the commercial interest of the requester."

The requester is primarily involved in researching and disseminating information on the operations of the federal government.

Expedited Processing:

I believe a compelling need exists to warrant expedited processing because there is:

an urgency to inform the public concerning actual or alleged Federal Government activity exists (this option available ONLY for requesters primarily engaged in disseminating information)

Specific Justification for Expedited Processing:

As I am a member of the news media who depends on publishing information in a timely manner, I request expedited processing.
