

**Revised Answer on Installation of Smart Meters
on Casinos, Zoos Aquariums, Golf Courses and
Swimming Pools**

Question: May SGIG funds be used to purchase and install smart meters and related equipment in the listed types of venues (i.e., casinos, aquariums, zoos, golf courses or swimming pools), under Section 1604 of the ARRA?

Answer: Smart meters and related equipment may be installed on the listed venues as long as the installation of such equipment is part of a broad based program undertaken by the utility to install smart meters and related equipment within its service territory and is not limited to or exclusively focused on installation on the listed venues.

This answer supersedes the answer distributed by the Contracting Officer in the Miscellaneous FAQs dated January 12, 2010.
