

Department of Energy – Nuclear Energy Idaho Operations Office

Office of Nuclear Energy (NE)

Advance nuclear power as a resource capable of meeting the Nation's energy, environmental, and national security needs by resolving technical, cost, safety, proliferation resistance, and security barriers through research, development, and demonstration as appropriate.

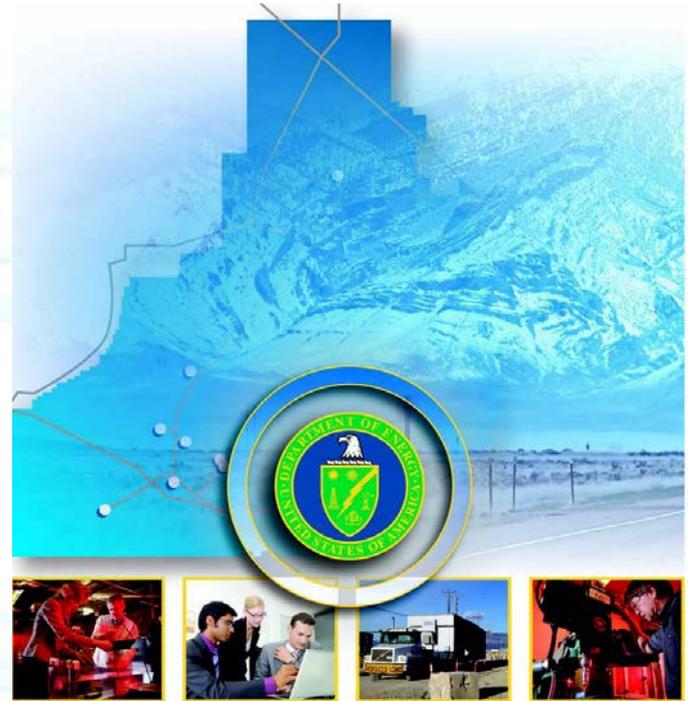

Idaho Operations Office

Department of Energy – Nuclear Energy Idaho Operations Office

Idaho Operations Office

Work in alliance with its contractors and support DOE Headquarters customers to do our part in ensuring America's security and prosperity by addressing its energy, environmental, and nuclear challenges through transformative science and technology solutions.

Jennifer Cate
DOE-ID Small Business Program Manager

Idaho Operations Office

Department of Energy – Nuclear Energy Idaho Operations Office

Idaho National Laboratory (INL)

- One of only 10 DOE multiprogram labs
- DOE's designated lead lab for nuclear energy research, development, demonstration and deployment
- A major contributor in national and homeland security, alternate and renewable energy, and science and technology
- 4,200 scientists, engineers, technicians, and other staff
- Three Science & Technology campuses on 890 mi² site

Idaho Operations Office

Department of Energy – Nuclear Energy Idaho Operations Office

DOE-NE FY 2013 Small Business Goal is \$6.4M

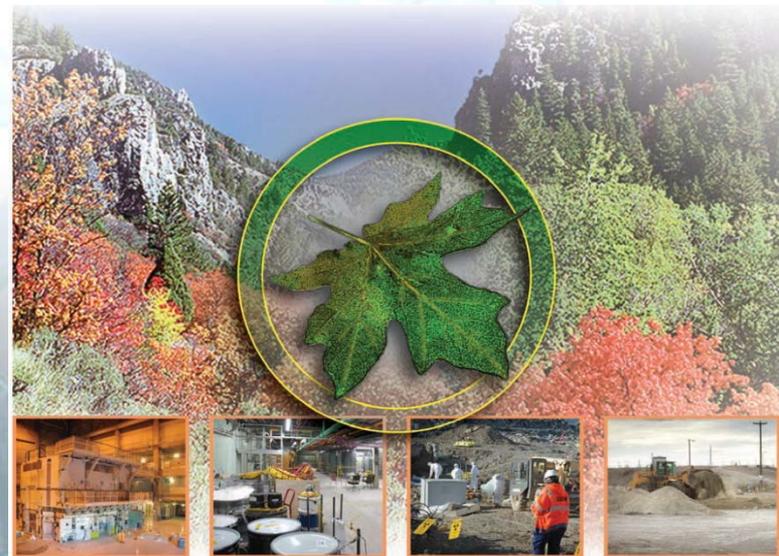

- The majority of *procurement dollars* are spent to acquire technical, project/program management and IT services.

INL Contractor, Battelle Energy Alliance (BEA)

- FY 2013 Small Business Goal is \$93M
- Approximately 80% of BEA's procurement dollars are for services, e.g., Professional, Scientific and Technical Services
- Remaining 20% for commodities
