

TEC Direction and Priorities

- TEC has come a long way
- Topic groups are beneficial
- Retooling TEC is necessary for improvement
- Stakeholder input will be evaluated to identify a path forward

TEC Direction and Priorities

- Suggestions ranged from strategic to logistical
 - Scheduling (frequency, duration, timing)
 - Membership and participation
 - More inclusive planning (timing, agenda, plenary sessions)
 - Topic groups (new groups, re-racked groups)
 - New and improved mechanisms for communication
