Wrap-Up/Path Forward

Daniel Poneman, Deputy Secretary of Energy

Dr. Steven Chu, Secretary of Energy

This meeting is about hearing the concerns of the Unions on Safety, Operations and Communications. Representatives of both DOE contractor employees and DOE's federal employees will be attending this meeting. Their representatives are entitled to determine the terms and conditions of their employment through collective bargaining with the employers involved. We will therefore, not be discussing specific terms and conditions of employment or any pending negotiations/bargaining. Any attempt to direct the discussions at this round table to such matters may result in termination of these discussions.
