

Happy 1st Birthday!

Dear Colleague,

It's been an amazing first year for the DOE Virtual University (DVU)--the learning & workforce development programs, leadership activities, and training opportunities were expanded, and we improved the development tools, links, and resources. And everything is accessible in one-stop-shop convenience, 24/7, from any mobile device.

Let's celebrate our success! Please distribute the enclosed materials to your co-workers—we couldn't have done it without you. Enjoy the lollipops, handy DVU coasters, and amusing fortune tellers.

Happy 1st Birthday DVU!

Thank you and sincerely,

RANDEE KAISER
