

June 11, 2014

Dear Docket Clerk:

America's Natural Gas Alliance (ANGA) appreciates the opportunity to submit the following comments as a supplement to my written testimony for the April 11th meeting of the Quadrennial Energy Review entitled "Enhancing Energy Infrastructure Resiliency and Addressing Vulnerabilities".

Representing North America's leading independent natural gas exploration and production companies, America's Natural Gas Alliance (ANGA) works with industry, government and customer stakeholders to promote increased demand for our nation's abundant natural gas resource for a cleaner and more secure energy future and to ensure its continued availability.

If you have any questions, please don't hesitate to contact me.

Sincerely,

Martin J. Durbin
President and CEO
