DOE Semi-Annual Report
DOE FE Order No. 3699
FE Docket No. 15-97-LNG

Dear Ms. Moore:

As required by ordering paragraph J of the above-referenced order, Corpus Christi Liquefaction, LLC (“CCL”) hereby submits its semi-annual report describing the progress of the Stage 3 Project. The Stage 3 Project is currently pending in the Federal Energy Regulatory Commission’s (“FERC”) National Environmental Policy Act pre-filing process in Docket No. PF15-26-000. CCL anticipates filing an application pursuant to Section 3 of the Natural Gas Act with FERC in early 2016 for authorization to site, construct and operate the Stage 3 Project. CCL has not yet entered into any long-term contracts associated with the export of LNG from the Stage 3 Project or the long-term supply of natural gas to the Project.

Please call me if you have any questions.

Sincerely,

/s/ Eryn Pullin
